OECD,2014-07-02 In this book competitiveness is viewed as a multifaceted concept comprising aspects of the economy and society needed to implement change and move toward sustainable convergence **Financialization and the Economy** Agata Gemzik-Salwach,Krzysztof Opolski,2017-07-14 There can be no doubt that the influence of the financial sphere has intensified rapidly in recent years but there is much debate about the effect of that influence The aftermath of the Financial Crisis has led to numerous discussions of the phenomenon of so called financialization the increasing impact of financial institutions on the activity of all business entities emerging threats related with dynamically developing financial markets and the growing importance of financial themes In light of these issues which appear in all economies and touch all entities and every area of economic activity there is a need for a summary and evaluation of the role of financialization in the world today This monograph presents the role of financialization in the modern world It shows positive as well as negative effects of financialization on the stability of the whole economy the functioning of different types of markets activity of enterprises state institutions and behaviours of households Written by expert contributors this book plays an important role in the debate concerning future directions of development of the financial sector and financial markets Financialization and the Economy is of great importance to those who study political economy macroeconomics and banking *Cosmopolitan Learning for a Global Era* Sarah Richardson,2015-09-16 Ensuring that higher education students are fully prepared for lives as global citizens is a pressing concern in the contemporary world This book draws on insights from cosmopolitan thought to identify how people from different backgrounds can find common ground By applying cosmopolitan insights to higher education practice Sarah Richardson charts how students can be given the opportunity to experience a truly international education which emphasises deep cultural exchange rather than mere transactional contact Written in an engaging and accessible style the author uses empirical evidence to show that simply studying alongside those different to themselves or studying overseas are inadequate in preparing students to lead the diverse societies of tomorrow Instead the book calls for a coherent approach to higher education that properly prepares students to lead global lives Chapters highlight a number of key aspects of higher education practice from curriculum to pedagogy to educator skills to assessment and demonstrate how these can be reconsidered to give students the opportunity to gain cosmopolitan attributes during their higher education Cosmopolitan Learning for a Global Era will be of great interest to researchers scholars and postgraduate students with a particular focus on cosmopolitan thought international education and higher education more broadly as well as university educators and leaders across a wide range of disciplinary areas **Climate Chaos** John Hans Gilderbloom,2024-12-15 Featuring insights from influential figures like Pope Francis and Albert Gore alongside contributions from over thirty esteemed authors Climate Chaos Killing People Places and the Planet charts a transformative path from despair to optimism Grounded in rigorous scientific research the book unflinchingly exposes the links between industries such as coal fossil fuels chemical factories liquor tobacco and others and their role in accelerating global warming and mass displacement It courageously challenges

climate change denialism advocating for transparency and accountability in addressing these urgent challenges In a time of profound despair this book unites faith and science to forge a path towards a sustainable and livable future Its impact resonates beyond the page inspiring a forthcoming PBS film

China's Regions in an Era of Globalization Tim Summers, 2018-06-19 The rise of China has been shaped and driven by its engagement with the global economy during a period of intensified globalization yet China is a continent sized economy and society with substantial diversity across its different regions This means that its engagement with the global economy cannot just be understood at the national level but requires analysis of the differences in participation in the global economy across China's regions This book responds to this challenge by looking at the development of China's regions in this era of globalization It traces the evolution of regional policy in China and its implications in a global context Detailed chapters examine the global trajectory of what is now becoming known as the Greater Bay Area in southern China the globalization of the inland mega city of Chongqing and the role of China's regions in the globally focused belt and road initiative launched by the Chinese government in late 2013 The book will be of interest to practitioners and scholars engaging with contemporary China's political economy and international relations

Humans are Underrated Geoffrey Colvin, 2015 improve patient outcomes and lower medical costs the U S Army which has revolutionized its training to focus on human interaction leading to stronger teams and greater success in real world missions and Stanford Business School which has overhauled its curriculum to teach interpersonal skills through human to human experiences As technology advances we shouldn't focus on beating computers at what they do we'll lose that contest Instead we must develop our most essential human abilities that teach our kids to value not just technology but also the richness of interpersonal experience They will be the most valuable people in our world because of it

The New Localism Bruce Katz, Jeremy Nowak, 2018-01-09 The New Localism provides a roadmap for change that starts in the communities where most people live and work In their new book *The New Localism* urban experts Bruce Katz and Jeremy Nowak reveal where the real power to create change lies and how it can be used to address our most serious social economic and environmental challenges Power is shifting in the world downward from national governments and states to cities and metropolitan communities horizontally from the public sector to networks of public private and civic actors and globally along circuits of capital trade and innovation This new locus of power this new localism is emerging by necessity to solve the grand challenges characteristic of modern societies economic competitiveness social inclusion and opportunity a renewed public life the challenge of diversity and the imperative of environmental sustainability Where rising populism on the right and the left exploits the grievances of those left behind in the global economy new localism has developed as a mechanism to address them head on New localism is not a replacement for the vital roles federal governments play it is the ideal complement to an effective federal government and currently an urgently needed remedy for national dysfunction In *The New Localism* Katz and Nowak tell the stories of the cities that are on the vanguard of problem solving Pittsburgh is

catalyzing inclusive growth by inventing and deploying new industries and technologies Indianapolis is governing its city and metropolis through a network of public private and civic leaders Copenhagen is using publicly owned assets like their waterfront to spur large scale redevelopment and finance infrastructure from land sales Out of these stories emerge new norms of growth governance and finance and a path toward a more prosperous sustainable and inclusive society Katz and Nowak imagine a world in which urban institutions finance the future through smart investments in innovation infrastructure and children and urban intermediaries take solutions created in one city and adapt and tailor them to other cities with speed and precision As Katz and Nowak show us in *The New Localism* Power now belongs to the problem solvers *Labour, Mobility and Temporary Migration* Julie Knight, John Lever, Andrew Thompson, 2017-06-15 *Labour Mobility and Temporary Migration* delves into sociological research on Polish migrants who migrated to the lesser explored South Wales region after Poland joined the European Union in 2004 At the time of enlargement Polish migrants were characterised as being economically motivated short term migrants who would enter the UK for work purposes save money and return home However over ten years after enlargement this initial characterisation has been challenged with many of the once considered short term Poles remaining in the UK In the case of Wales the long term impact of this migration is only starting to be fully realised particularly in consideration of the different spatial areas urban semi urban and rural explored in this book Such impact is occurring in the post Brexit referendum period a time when the UK s position in the EU is itself complex and changing
