Mapping Power Navroz K. Dubash,2018-08-22 Electricity is critical to enabling India s economic growth and providing a better future for its citizens In spite of several decades of reform the Indian electricity sector is unable to provide high quality and affordable electricity for all and grapples with the challenge of poor financial and operational performance To understand why Mapping Power provides the most comprehensive analysis of the political economy of electricity in India s states With chapters on fifteen states by scholars of state politics and electricity this volume

maps the political and economic forces that constrain and shape decisions in electricity distribution. Contrary to conventional wisdom it concludes that attempts to depoliticize the sector are misplaced and could worsen outcomes. Instead it suggests that a historically grounded political economy analysis helps understand the past and devise reforms to simultaneously improve sectoral outcomes and generate political rewards. These arguments have implications for the challenges facing India's electricity future including providing electricity to all, implementing government reform schemes and successfully managing the rise of renewable energy.

Charter School Report Card Shawgi Tell, 2016-04-01. What is a charter school? Where do they come from? Who promotes them and why? What are they supposed to do? Are they the silver bullet to the ills plaguing the American public education system? This book provides a comprehensive and accessible overview and analysis of charter schools and their many dimensions. It shows that charter schools as a whole lower the quality of education through the privatization and marketization of education. The final chapter provides readers with a way toward rethinking and remaking education in a way that is consistent with modern requirements. Society and its members need a fully funded high quality public education system open to all and controlled by a public authority.

Public Private Partnership Dynamics for Economic Development Baporikar, Neeta, 2025-04-02. Public private partnerships (PPPs) have emerged as a mechanism for economic development by harnessing the strengths of both the public and private sectors. In this changing global economy, PPPs offer new solutions to address infrastructure deficits, improve service delivery and stimulate investment. These partnerships combine the efficiency, expertise and capital of the private sector with the public sector's ability to regulate, ensure inclusivity and achieve long term sustainability. By aligning the interests of both parties, PPPs create a platform to address complex economic challenges while promoting growth and social well being. Understanding the underlying dynamics of these partnerships is essential for maximizing their potential and ensuring they contribute to economic development goals. *Public Private Partnership Dynamics for Economic Development* examines how governments can enable and encourage PPPs, investigating the existing and fast developing body of principles and practices. It provides a step by step analysis of the development of PPP projects and explains financing, contractual structures and risk allocation. This book covers topics such as developing countries, crowdsourcing and local economies and is a useful resource for policymakers, business owners, educators, academicians, researchers and scientists.

G. L. Frias, Cristina Panti, 2021-06-09 [The Debt Trap](#) Josh Mitchell, 2021-08-03 AN NPR AND NEW YORK POST BEST BOOK OF THE YEAR From acclaimed Wall Street Journal reporter Josh Mitchell the devastating account The Wall Street Journal of student debt in America In 1981 a new executive at Sallie Mae took home the company s financial documents to review You ve got to be shitting me he later told the company s CEO This place is a gold mine Over the next four decades the student loan industry that Sallie Mae and Congress created blew up into a crisis that would submerge a generation of Americans into 1.5 trillion in student debt In The Debt Trap Wall Street Journal reporter Josh Mitchell tells the vivid and compelling Chicago Tribune untold story of the scandals scams predatory actors and government malpractice that have created the behemoth that one of its original architects called a monster As he charts the jaw dropping Jeffrey Selinger New York Times bestselling author of Who Gets In and Why seventy year history of student debt in America Mitchell never loses sight of the countless student victims ensnared by an exploitative system that depends on their debt Mitchell also draws alarming parallels to the housing crisis in the late 2000s showing the catastrophic consequences student debt has had on families and the nation s future Mitchell s character driven narrative is necessary reading The New York Times for anyone wanting to understand the central economic issue of our day *China's Domestic Transformation in a Global Context* Ligang Song, Ross Garnaut, Cai Fang, Lauren Johnston, 2015-07-08 The phrase

New Normal captures the ongoing shift in the pattern and drivers of China's economic growth. China's new growth rate is both slower and imposing difficult structural change. These new economic conditions are challenging yet offer opportunities for China and its economic partners. Reforms must be deepened but also make growth more inclusive and environmentally sustainable over this decade and beyond. This year's Update offers both global context and domestic insight into this challenging new phase of China's domestic economic transformation. How are policymakers elevating migrant workers concurrent with increasing consumption? Is China's government spending enough on education and R D to ensure it can achieve its aspirations to ascend the global manufacturing value chain and avoid the middle income trap? Are energy market reforms reducing or increasing the price of gas and electricity in China? What are the consequences of China's financial reforms and expanding Renminbi trading for foreign banks? What does China's new growth model mean for the international resources economy and for Africa? Do SOEs face market conditions and are they dominating China's fast rising outbound investment? What is China's strategy for navigating fragmented international trade policy negotiations? The Budget of the United States Government United States.
