Research on Technology in English Education Carl A. Young,Sara Kajder,2013-03-01 This book brings together the voices of leading English Education

researchers who work to offer views into the changing landscape of English as a result of the use of digital media in classrooms out of school settings universities and other contexts in which readers and writers work But as in most useful texts the purpose is more nuanced and far reaching than simply offering a glimpse into where we currently find ourselves as a field In sum the collection brings together and interweaves what we are coming to know and understand about teaching English within a shifting digital landscape as well as the implications for teacher education and the discipline of English Education specifically The intended audience for this particular book is English educators doctoral candidates in the field of English education researchers and scholars in the field and English language arts teachers especially those interested in the impact digital technologies can have in our field

LeBoeuf, Lawrence F. Butler, 2008 We all know the dilemma Kids are tuning in to TVs and video games and tuning out physical activity As a result kids are more overweight than ever More than half of the adult population in the United States are overweight and almost a third are clinically obese An obvious answer is to become and stay fit through regular physical activity The authors of Fit Active The West Point Physical Development Program know this and in response they developed a program at West Point the academy that s been educating U S military and political leaders for over 200 years Now you can use the West Point fitness program to meet the needs of your students Fit Active The West Point Physical Development Program is a practical ready to use resource that will help you inspire the kids under your charge to be more physically active It includes the following features The system that has worked for the authors

in their West Point program along with detailed strategies for modifying their approach for various ages and environments Activities and ideas that have been reviewed by high school physical education teachers to ensure the suggestions are appropriate for high school students New ideas and information that will help you improve your program Assessment strategies to help you meet state and national physical education standards At West Point fitness is seen as a solid foundation for emotional and intellectual well being and as a way to help prepare students for a lifetime of health physical activity and success in the classroom and beyond With that in mind the authors focus on how to develop and assess your program in part I and in part II they provide core activity courses including basic movement swimming boxing self defense and obstacle courses that develop motor skills In part III they delve into wellness and personal fitness strategies workout designs assessments and related issues and in part IV they outline courses for lifetime activities such as tennis golf ice skating and rock climbing As a result you get a comprehensive resource that is easy to use well illustrated adapted for high school and appropriate for a variety of groups and one that will also help you meet state and national standards Along the way your students will learn leadership skills through sports and become motivated to make physical activity and fitness an integral part of their lives long after they leave school
