rights terrorism and ultimately redemption *Female Rebellion in Young Adult Dystopian Fiction* Sara K. Day, Miranda A. Green-Barteet, Amy L. Montz, 2016-04-15 Responding to the increasingly powerful presence of dystopian literature for young adults this volume focuses on novels featuring a female protagonist who contends with societal and governmental threats at the same time that she is navigating the treacherous waters of young adulthood The contributors relate the liminal nature of the female protagonist to liminality as a unifying feature of dystopian literature literature for and about young women and cultural expectations of adolescent womanhood Divided into three sections the collection investigates cultural assumptions and expectations of adolescent women considers the various means of resistance and rebellion made available to and explored by female protagonists and examines how the adolescent female protagonist is situated with respect to the groups and environments that surround her In a series of thought provoking essays on a wide range of writers that includes Libba Bray Scott Westerfeld Tahereh Mafi Veronica Roth Marissa Meyer Ally Condie and Suzanne Collins the collection makes a convincing case for how this rebellious figure interrogates the competing constructions of adolescent womanhood in late twentieth and early twenty first century culture **Primary Education** ,1914 **Reflections from the Wrong Side of the Tracks** C. Vincent Samarco, Stephen L. Muzzatti, 2006 The essays in this collection challenge the predominant image of working class people in higher education by providing a series of analyses and personal commentaries from a wide range of working class academics Reflections From the Wrong Side of the Tracks imparts a critical and substantial narrative about what it means to be from the working class and work in academe **Handbook of Footwear Design and Manufacture** A. Luximon, 2021-02-11 Handbook of Footwear Design and Manufacture Second Edition is a fully updated expanded guide on the theories processes methodologies and technologies surrounding the footwear supply chain Topics discussed include engineering design methodology reducing manufacturing waste footwear advertisement emerging imaging technology advice on the optimization of manufacturing processes for productivity and summaries of the latest advances from researchers around the globe This updated edition also includes coverage of sizing and grading based on different footwear styles and methods AI based personalization and customization emerging models for online footwear shopping involving data mining and new methods for foot data analysis and representation Covers many exciting new developments such as AR VR additive manufacturing customization of footwear new last design methods and green footwear Addresses the entire footwear design and manufacture supply chain Explains new methods for foot data analysis and representation **The Citizens Bulletin** ,1912
