Leadership Ronald R. Sims, Scott A. Quatro, 2005 The contributors here seek to define exactly what leadership is or should be and how to effectively develop it Guided by an unusual framework that looks at leadership across different sectors and functions they examine what they view as the major leadership challenges throughout the world The Haves and Have-Nots John F. Green, 2017-04-26 The significance of Dr John Green's book entitled The Haves and The Have nots Guidelines for Leading Congregational Change and Economically Empowering Poor Communities rests in his concern about the economically poor communities in which black churches find themselves and thus carryout their ministries It is an intriguing practical and theological exploration with the major goal of the narrative to present models of ministry grounded in sound biblical theology and supported by theologians and practitioners familiar with local church outreach strategies and who have chronicled their experiences about churches doing ministry among the economically disadvantaged The importance of Dr Green's book rests in the question of whether or not African American churches will be able to rise above their middle class status in order to reach out to the poorer communities surrounding their churches The book presents leadership strategies that will enable pastors as well as the leadership in local churches to begin to engage in congregational change Presenting leadership strategies for overcoming the status anxiety that hinders outreach of local black churches to the community is the goal of this well written book Edward P Wimberly Jarena Lee Professor Pastoral Care and Counseling Interdenominational Theological Center **Building a Contagious Church** Mark Mittelberg, Bill Hybels, 2000 Mittelberg presents a proven process for raising the value of evangelism in your heart and in your church He spells out strategies for training all of a church s members to naturally communicate their faith and offers ideas for initiating outreach ministries and events Includes inspiring stories of lives and churches that have been changed as a result of these practical biblical approaches *Experience Is What You Get Right After You Need It* John M. Check DMin, 2025-07-14 We all make mistakes and most of us make the same mistake several times Learning from our mistakes is a lifelong process Growing is often painful but growing and learning are positive benefits of failure We often learn very little from our successes Instead we

learn what will work by trial and error Great leaders learn what works by trying and failing We should embrace failures and ask ourselves difficult questions rather than running away The first and most important question is where did the idea originate Was this a good idea If so why did it fail What was my role in the failure and what could I have done better How did I respond to the failure and what will I do differently next time We must be courageous enough to ask these and other probing questions in the church community or whatever group setting is relevant to the circumstances Finally we must never allow ourselves to be defined by failure recognizing that the ultimate failure is not trying **You Only Have to Die** Rev. Dr. James A. Harnish, James A. Harnish, 2010-09-01 A moving testimony to how a church can experience rebirth by discerning its core mission The key to becoming a Spirit energized people loving life giving community transforming congregation says James A Harnish is really very simple All you have to do is be willing to die This ebook describes how God calls each congregation to a specific mission how God grants discernment to understand what that mission is and how God enables the congregation to die to its entrenched attitudes and behaviors in order to be resurrected to a new life of ministry and witness

Rethinking the Church James Emery White, 2003-07-01 Why is it important to rethink the church Today many leaders focus on how their ministries can be run more efficiently But the foundational question according to James Emery White should be Why do we have this ministry and then Why do we do this ministry the way we do Is it effective Rethinking the Church helps pastors and lay leaders work through questions that must be answered if a church is to rethink evangelism discipleship ministry worship community and the structure of the church Break old molds check assumptions and be sensitive says White He uses the language and aims of seeker targeted churches but urges readers not to tie themselves to any model without understanding the individual purpose of their church Now thoroughly revised and expanded Rethinking the Church contains more emphasis and key material on how to move from rethinking to transition White blends biblical reflection and hands on experience and uses the early church as described in the Book of Acts as the ultimate example [Building a Church of Small Groups](#) Bill Donahue, Russ Robinson, 2005-09-29 This book provides pastors and church leaders with the vision values and initial steps necessary to begin building a church where small groups are integrated throughout the entire ministry
