House of Commons - Culture, Media and Sport Committee: Nuisance Calls: Volume I - HC 636 Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee, 2013-12-05 Nuisance calls particularly unwanted marketing calls and text messages are a bane to millions A significant underlying feature giving rise to nuisance calls is the unfair processing of personal data something that is proscribed by the Data Protection Act 1998 The Information Commissioner already has powers to deal with this he should use them far more Where regulation fails technology has a place with a number of useful products available and standard services like caller display can also help Caller display should be a free service and the Committee regrets BT's decision to charging explicitly for caller display Some nuisance callers withhold their numbers or hide behind a false one Nuisance text messages can be simply reported by forwarding them to a dedicated short code number 7726 and a similar facility for nuisance calls to landlines is long overdue and would provide useful intelligence to regulators There should be a single online complaints form Given that many people do not have internet access there should also be a single nuisance calls helpline The legal threshold for the Information Commissioner to take enforcement action under the Privacy and Electronic Communications EC Directive Regulations 2003 must also be lowered A single nuisance calls regulator might have superficial appeal but a single point of contact for customers coupled with more effective coordination between regulators behind the scenes is both more achievable and desirable Above all organisations closer to the source of marketing calls like the Direct Marketing Association Telemarketing implementation of the National DoNotCall Registry : report to congressional committees. , **Complete Guide to Robocalls** Kim Komando, In this new eBook Complete Guide to Robocalls Kim Komando America's Digital Goddess covers robocalls from A to Z including the types of legal and illegal robocalls where they come from and what you can do to fight back You'll learn the latest robocall scams and tricks for getting you to relinquish important personal information plus you'll see what the major phone carriers are doing to keep you safe Federal Trade Commission Report to Congress, Pursuant to the Do Not Call Implementation Act, on Regulatory Coordination in Federal Telemarketing Laws , *Call Blocker: Spam Caller ID - The Ultimate Guide to Blocking Unwanted Calls and Identifying Spammers* Navneet Singh, Table of Contents Introduction to Call Blocking and Spam Detection Why Spam Calls Are on the Rise Understanding Call Blocker Apps Key Features of a Powerful Call Blocker How Spam Caller ID Technology Works Top Call Blocker Apps in the Market Setting Up Your First Call Blocker App Managing Whitelists and Blacklists Advanced Settings for Custom Call Filtering Real Time Spam Identification Explained Privacy and Security Considerations Tips to Avoid Robocalls and Telemarketers When to Report a Number Integrating Call Blockers with Your Phone System Call Blockers for Business Use The Future of Call Blocking and Spam ID Frequently Asked Questions FAQs Glossary of Terms Resources and Further Reading *Amendments to the Fair Credit Reporting Act* United States.
