*I Am Not Her!* Darion Hughes, 2019-11-06 How do you acknowledge something that you don't give a face to You can't recognize it if you're constantly acting as if whatever hurt you've been subjected to doesn't exist Generational curses are being passed down because people are taught not to speak on the uncomfortable hurt Many people come from families communities that sweep everything under the rug like the issue never happened How do you move on with life if your mind is in bondage due to your unaddressed issues The moment you acknowledge abuse molestation depression suicidal thoughts addiction or abandonment whatever has given you pain is the moment you give that thing a face That's when healing takes place That's when that thing is real and your identity is no longer associated with your past That thing is no longer leeching off your existence You can look in the mirror and actually see a person versus whatever you've labeled yourself or whatever people have labeled you You can finally talk about the situation and no longer be embarrassed ashamed of it Exposure brings about healing Healing is the key to accomplishing life and giving it our all That's all God wants from us Think of life like a buried diamond How can God use you or how can you live life to your fullest potential if you are buried in dirt The diamond is there However the different layers of earth are keeping the diamond in bondage Therefore there's no use for it at that point It is simply being prepared to shine bright I listen to classical music because it triggers the inner child within myself It brings back bananas covered in peanut butter and the sticker apples that were put on the plastic tree if you behaved the apple was removed for bad behavior Mozart would play through the room as we napped on our mats It brought back the smell of cinnamon that used to cover my father's studio office Thinking of these good moments will not take away the hurt that wasn't addressed Get to the bottom of it so that you can glow and live life to the fullest You deserve nothing but the best so go for it

popular 18th and 19th century genres Michelle Burnham examines the literature of captivity and using Homi Bhabha's concept of interstitiality as a base provides a valuable redescription of the ambivalent origins of the US national narrative. Stories of colonial captives, sentimental heroines or fugitive slaves embody a binary division between captive and captor that is based on cultural, national or racial difference but they also transcend these pre-existing antagonistic dichotomies by creating a new social space and herein lies their emotional power. Beginning from a simple question on why captivity particularly that of women so often inspires a sentimental response, Burnham examines how these narratives elicit both sympathy and pleasure. The texts carry such great emotional impact precisely because they traverse those very cultural, national and racial boundaries that they seem so indelibly to inscribe. Captivity literature like its heroines constantly negotiates zones of contact and crossing those borders reveals new cultural paradigms to the captive and ultimately the reader.

*Clarissa Or, the History of a Young Lady* by S. Richardson, 1862 **Not Her Hero** Tami Lund, 2024-01-18 They've kidnapped the governor. Until five minutes ago, Marc Beader was an out-of-work ex-military man trying to figure out how to adjust to civilian life while also protecting his hapless younger brother from the upstart radical group trying to recruit him. To be honest, Marc wasn't doing a very good job at any of it. As if his life needed one more complication, suddenly the governor of the state of Michigan is sitting in his living room with zip ties around her wrists and a scowl on her pretty face. That radical group managed to kidnap the governor and dropped her on Marc's doorstep. He doesn't want anything to do with all this crazy. He's proven too many times that he's nobody's hero. Until he hears about the group's plans for the unfortunate politician. Suddenly they're both running for their lives through the rugged countryside to the state capital. As it turns out, it's hard as hell to hide when the person you're protecting is a public figure. But Marc will be damned if he lets those nutjobs get to her. Maybe he could be a hero after all.
