Egan, Gillian Judson, 2016 **Spirits of the Space Age** Kelly E. Hayes, 2024 Since its inauguration in 1960 Brazil s capital city Bras lia has become an internationally recognized center for eclectic forms of modern mysticism Among the dozens of New Age Spiritist esoteric and occult communities that have sprouted in the city and its environs the most spectacular is the Valley of the Dawn Vale do Amanhecer Equal parts religious movement enchanted city utopian vision and theatrical spectacle the Valley of the Dawn is a unique psychic ecosystem Community members consider themselves the spiritual descendants of

an ancient race of extraterrestrials originally sent to galvanize humanity's cultural and spiritual evolution. Wearing dazzling garments that reference their past lives in different cultural eras, adherents perform daily ceremonies for karmic redemption and offer spiritual healing services free of charge to the public. The Valley of the Dawn was founded by a charismatic spirit medium called Aunt Neiva, a widowed mother of four who came to Brasília in 1957 to work in the construction of the new capital city. Over two decades, Aunt Neiva established a spiritual metropolis that today is home to over 25,000 people and the headquarters of a global religious movement with more than 800 affiliated temples worldwide. *Spirits of the Space Age* details the Valley's historical emergence, placing it within the context of mid-twentieth-century Brazil and explores its imagined world, the imaginative and collectively shared representations that foster a common sense of identity, meaning, and purpose among Valley members. Drawing on extensive ethnographic fieldwork, it offers a narrative portrait of a new religious movement as seen in and through the lives of Aunt Neiva, her most important collaborators, and contemporary adherents. By presenting a more complete picture of the Valley of the Dawn, this book counters the persistent media representations of the Valley as a cult. But it also illuminates how religious movements respond to their place and time, even as they situate themselves in relationship to imagined otherworlds and times.

*Storytelling and Imagination: Beyond Basic Literacy* 8-14 Rob Parkinson, 2010-12-10 *Storytelling and Imagination: Beyond Basic Literacy* 8-14 is the complete guide to using creative storytelling in the primary school classroom and for transitions to Key Stage 3 at secondary school. [Hollywood's Melodramatic Imagination](#) Geoff Mayer, 2021-12-22 Melodrama is the foundation of American cinema. It is, however, a poorly understood term. While it is a pervasive and persuasive dramatic mode, it is not tied to any specific moral or ideological system. It is not a singular genre; rather, it operates as a genre-generating machine capable of determining the aesthetics and structure of the drama within many genres. Melodrama centers the conflict around the clash between good and evil and provides a sense of poetic justice, but the specific values embedded in notions of good and evil are determined by the culture, and they shift from nation to nation, region to region, and period to period. This book explores the populist westerns of the 1930s, the propaganda films that followed the Japanese attack on Pearl Harbor, and the popularity of Sax Rohmer's master villain, Fu Manchu. Melodramas of passion and film noir also offer a challenge to melodrama with its seemingly alienated protagonists and downbeat endings. Yet, with few exceptions, Hollywood was able to assimilate these genres within its melodramatic imagination.

*The Lithic Imagination from More to Milton* Tiffany Jo Werth, 2024-07-23. The Lithic Imagination from More to Milton explores how stones, rocks, and the broader mineral realm play a vital role in early modern England's religious and cultural systems, a role that in turn informs the period's poetic and visual imagination.
