Publications of the Modern Language Association of America Modern Language Association of America, 1903 Vols for 1921 1969 include annual bibliography called 1921 1955 American bibliography 1956 1963 Annual bibliography 1964 1968 MLA international bibliography **Diary of a Philosophy Student** Simone de Beauvoir, 2024-01-04 Written between the age of eighteen and twenty one the entries in the third volume of Diary of a Philosophy Student take readers into Simone de Beauvoir's thoughts while illuminating the people and ideas swirling around her The pages offer rare insights into Beauvoir's intellectual development her early experiences with love desire and freedom and relationships with friends like Elisabeth Zaza Lacoïn and Maurice Merleau-Ponty It also presents Beauvoir's shocking account of Jean-Paul Sartre's sexual assault of her during their first sexual encounter a revelation certain to transform views of her life and philosophy In addition the editors include a wealth of important supplementary material Barbara Klaw provides a detailed consideration of the Diary's role in the development of Beauvoir's writing style by exploring her use of metanarrative and other literary techniques part of a process of literary creation that saw Beauvoir use the notebooks to cultivate her talent Margaret A Simons's essay places the assault by Sartre within an appraisal of Beauvoir's complicated legacy for MeToo while suggesting readers engage with the diary through the lens of trauma **Theodore De Banville** David Evans, 2018-12-13 Theodore de Banville 1823 1891 was a prolific poet dramatist critic and prose fiction writer whose significant contribution to poetic and aesthetic debates in nineteenth century France has long been overlooked Despite his profound influence on major writers such as Baudelaire Rimbaud Verlaine and Mallarmé Banville polarised critical opinion throughout his fifty year career While supporters championed him as a virtuoso of French verse many critics dismissed his formal pyrotechnics effervescent rhythms and extravagant rhymes as mere clowning This book explores how Banville's remarkably coherent body of verse theory and practice full of provocative energy and mischievous humour shaped debates about poetic value and how to identify it during a period of aesthetic uncertainty caused by diverse social economic political and artistic factors It features a detailed new reading of Banville's most infamous and misunderstood text the *Petit Traité de poésie française* as well as extended analyses of verse collections such as *Les Stalactites* *Odes funambulesques* *Les Exilés* *Trente-six Ballades* and *Rondels* illuminated by wide reference to Banville's plays fiction and journalism Evans elucidates not only aesthetic tensions at the heart of nineteenth century French verse but also a centuries old tension between verse mechanisms and an unquantifiable mysterious and elusive poeticity which emerges as one of the defining narratives of poetic value from the Middle Ages via the Grands Rhétoriciens and Dada to the experiments of the OuLiPo and beyond [The Early T. S. Eliot and Western Philosophy](#) Rafey Habib, 1999-06-28 Study of Eliot's philosophical writings assessing their impact on his early poetry and literary criticism **The Poetry of Hart Crane** Richard Warrington Baldwin Lewis, 2015-12-08 One of the leading critics of our time R W B Lewis charts the career of Hart Crane's imagination of his vision his rhetoric and his craft Crane who has

heretofore been assigned a relatively minor place in American letters emerges from this rich dense book as one of the finest poets in our language Mr Lewis traces the development of the theme which runs through all of Crane s poetry the need for the visionary and loving transfiguration of the actual world and claims that it is this theme which gives Crane s poetry its extraordinary consistency Mr Lewis also relates Crane s development as poet to the Anglo American Romantic tradition and argues that Blake Wordsworth Keats and Emerson are vital to an understanding of Crane s work Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The British Review* ,1913 Hart Crane's Poetry John T. Irwin,2011-11-17 In one of his letters Hart Crane wrote Appollinaire lived in Paris I live in Cleveland Ohio comparing misspelling and all the great French poet s cosmopolitan roots to his own more modest ones in the midwestern United States Rebelling against the notion that his work should relate to some European school of thought Crane defiantly asserted his freedom to be himself a true American writer John T Irwin long a passionate and brilliant critic of Crane gives readers the first major interpretation of the poet s work in decades Irwin aims to show that Hart Crane s epic The Bridge is the best twentieth century long poem in English Irwin convincingly argues that compared to other long poems of the century The Bridge is the richest and most wide ranging in its mythic and historical resonances the most inventive in its combination of literary and visual structures the most subtle and compelling in its psychological underpinnings Irwin brings a wealth of new and varied scholarship to bear on his critical reading of the work from art history to biography to classical literature to philosophy revealing The Bridge to be the near perfect synthesis of American myth and history that Crane intended Irwin contends that the most successful entryway to Crane s notoriously difficult shorter poems is through a close reading of The Bridge Having admirably accomplished this Irwin analyzes Crane s poems in White Buildings and his last poem The Broken Tower through the larger context of his epic showing how Crane in the best of these worked out the structures and images that were fully developed in The Bridge Thoughtful deliberate and extraordinarily learned this is the most complete and careful reading of Crane s poetry available Hart Crane may have lived in Cleveland Ohio but as Irwin masterfully shows his poems stand among the greatest written in the English language The British Review Richard Johnson Walker,1913 **Deburau** Edward Nye,2022-07-01 This volume analyses the nature of the mime art of Deburau and of the pantomime performances of the Th tre des Funambules in Paris in the context of Romantic art literature and socio political thought Deburau and the Th tre des Funambules are characteristic of Romantic art in that they are closely associated with certain aspirations for social reform even revolution Deburau was an iconic figure for intellectuals such as George Sand who effectively considered him to be part of the po te ma

on movement Edward Nye examines this fascination as well as the myth which developed from it With its unique framing in art literature and politics this book is a must read for undergraduates and postgraduates in theatre literary studies and the Romantic period

Brilliant Modernism Nicoletta Asciuto, 2025-01-07 Illuminates how the power of light shaped early twentieth century art culture and poetry In *Brilliant Modernism* Nicoletta Asciuto takes readers on a journey through the electrified streets of the early twentieth century and explores the influence of this illumination on modernist poetry This ambitious and geographically wide ranging account of how poets responded to the changing cityscape is distinctive in its historicist approach and the enormous scope of the materials it examines from Mina Loy's lamps for the modern home to lunar photography As the glow of gas lamps gave way to the piercing beams of the new era poets navigated a world where light dictated social standing gender roles and the very rhythm of life *Brilliant Modernism* is a story of contrasts the starkness of electric light against the softness of the moon the traditional against the modern and the male dominated world against the rising tide of female empowerment Asciuto reworks our understanding of the modernist moment reimagining the influence of figures such as T S Eliot Lola Ridge Gwendolyn B Bennett and Rosa Ros Set against the backdrop of a world on the brink of massive changes this book shines a

light on forgotten women poets and artists whose contributions to the modernist movement have long been overshadowed by their male counterparts Through a narrative that is as much about the aesthetics of light as it is about the poets themselves Asciuto illuminates the vibrant and often volatile intersection of technology and culture **Encyclopedia of Literary**
