Behold, the Angels Came and Served Him' Kristian A. Bendoraitis,2015-11-19 Angels have been analyzed in Christological research due to their primary function as messengers and mediators between heaven and earth Their role in the Gospel narratives however has been largely unexplored Utilizing the Old Testament and sources from the Second Temple period to illustrate the variety of angel traditions Bendoraitis identifies how these traditions are reflected in Matthew s Gospel and interprets the passages in which angels appear or are represented resulting in a detailed exegesis of those passages which specifically mention angels Each reference is critically analyzed in view of its role in the Gospel s narrative and in light of Matthew s redactional hand In addition each chapter is accompanied by a discussion of relevant traditions of angels in order to illustrate how Matthew s use of angels has facilitated his Gospel s message The examination concludes by postulating three factors in the inclusion of angel traditions in Matthew s narrative pertaining both to Matthew s Christology and worldview

The Ante-Nicene Fathers: Tertullian, part fourth; Minucius Felix; Commodian; Origen, parts first and second Alexander Roberts,1885 **Matthew's Bible** M. J. J. Menken,2004 What type of Old Testament text did Matthew use as editor of his Gospel On the one hand the editorially inserted fulfilment quotations with their peculiar textual form may be expected to represent Matthew s biblical text On the other hand the remaining OT quotations are mainly Septuagintal and it is often assumed that Matthew reinforced the Septuagintal character of the quotations which he found in his sources In the first part of this study the fulfilment quotations are examined Their textual form is best explained as a Septuagint text that was revised to make it better agree with the Hebrew and to improve the quality of its Greek the evangelist took these quotations from a continuous text In the second part Matthew s remaining OT quotations are investigated If Matthew borrows quotations from his sources he does not adjust them to the LXX but he simply copies them or edits them in his usual way if he inserts quotations into his sources he makes use of his revised Septuagint On the whole this revised Septuagint seems to have been Matthew s Bible **Matthew** David L. Turner,2008-04-15 An expert on Jewish backgrounds offers a substantial commentary on Matthew in the latest addition to the Baker Exegetical Commentary on the New Testament series *Christ and the Critics* Hilarin Felder,1924 **Honest Faith for Our Time** Jay Harold Ellens,2010-09-13 This volume is a biblical theological critique of the Apostles Creed and a development of the role of the Holy Spirit in the church the world and the personal experience of Christian faith It addresses the creed as a historic document an artifact of early Christian theological development and a long standing guide for the form and content of that faith tradition This book is an appreciation of the Apostles Creed in terms of its persistent pastoral effect in the church It is also a criticism of aspects of the creed that are unbiblical and crafted for political or extraneous theological reasons by the bishops of the ancient ecumenical councils **Emmanuel, Or, The Incarnation of the Son of God the Foundation of Immutable Truth** Michael Ferrebee Sadler,1879 *The Ante-Nicene Fathers* ,1885 1905 printing Bishop Wendelin J Nold collection *The Ante-Nicene Fathers: Tertullian, pt. IV. Minucius Felix. Commodian. Origen, pt.I-II* ,1978 The

Ante-Nicene Fathers Alexander Roberts, 2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume IV of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find the writings of Tertullian a Christian apologist and influential Latin Christian thinker Minucius Felix known for his dialog Octavius Commodianus a Latin poet who converted to Christianity Origen a prolific writer and theologian **Against Celsus** Origen, In this powerful work Origen defends Christianity against the attacks of the pagan philosopher Celsus addressing a wide range of theological and philosophical issues With meticulous arguments and deep spiritual insights Origen demonstrates the superiority of the Christian faith and its compatibility with reason while also exploring the nature of God the divinity of Christ and the role of free will in human life
