Impak Delta Life Science Memos:

Agricultural Biotechnology and Intellectual Property Jay P. Kesan, 2007-01-01 Scientists are becoming progressively more involved in developing methods for increasing agricultural productivity and designing plants with certain qualities As such genetic engineering has given plant breeders a means to exercise property rights over different varieties of plants This has created many implications and given way to much controversy with most objections being raised against the idea of owning life With the use of comparative studies this book discusses the legal agribusiness and public policy issues that connect intellectual property protection with advancements in agricultural biotechnology The Media, the Public and Agricultural Biotechnology Dominique Brossard, James Shanahan, T. Clint Nesbitt, This book reviews the literature on communication about biotechnology Other books deal with this topic however this book with the use of case studies looks at public opinion data communication theory and international examples to provide a complementary overview of how the public sees this controversial topic **The Directory of U.S. Trademarks** ,1993
