Torff, 2008-12 A career in music is a calling with such a strong pull you'd think a tide was sucking you under It becomes an intense obsession of such great intensity that you can almost think of nothing else it drives you with a fever and fervor In the early 70s an idealistic young man Brian Torff arrived in New York to pursue his passion for music During an excursion to Long Island Brian found his dream instrument a 1775 re built Nicola Galliano bass Such was the beginning of a career that led Torff from Caf Carlyle to Carnegie Hall Lincoln Center the Kennedy Center and the White House He has toured worldwide with the greatest from Frank Sinatra Mel Tormé George Shearing and Erroll Garner to Stéphane Grappelli Benny Goodman Mary Lou Williams and Marian McPartland As Brian notes bass players do a lot of observing from the back of the bandstand It is this supportive role that qualifies Torff to share his insight into jazz music and its many personalities Torff takes us beyond the music by adding depth with his vision of American music and paints vivid portraits of the musicians with whom he played Torff's memoir is one of creativity and determination mixed with timing and plain good luck His sharp narrative not only brings the legends of jazz to life but reading about them here will certainly motivate you to add some music to your collection *Popeye* Fred M. Grandinetti, 2004-08-12 It's a rare comic character who can make audiences laugh for well over half a century but then again it's a pretty rare cartoon hero who can boast of forearms thicker than his waist who can down a can of spinach in a single gulp or who generally faces the world with one eye squinted completely shut When E C Segar's gruff but lovable sailor man first tooted his pipe to the public on January 7 1929 it was not in the animated cartoon format for which he is best known today and which would become the longest running series in film history Instead it was on the comics page of the New York Journal as Segar's Thimble Theatre strip Over the decades to come Popeye was to appear on radio television stage and even in a live action feature film This comprehensive and lavishly illustrated history is a thoroughly updated and revised edition of the highly acclaimed 1994 work Animated series and films are examined noting the different directions each studio took and the changing character designs of the Popeye family Popeye in other media comics books radio and a stage play is thoroughly covered as are Robert Altman's 1980 live action film and Popeye memorabilia **In Love and Struggle** Stephen M. Ward, 2016-09-12 James Boggs 1919 1993 and Grace Lee Boggs 1915 2015 were two largely unsung but critically important figures in the black freedom struggle Born and raised in Alabama James Boggs came to Detroit during the Great Migration becoming an automobile worker and a union activist Grace Lee was a Chinese American scholar who studied Hegel worked with Caribbean political theorist C L R James and moved to Detroit to work toward a new American revolution As husband and wife the couple was influential in the early stages of what would become the Black Power movement laying the intellectual foundation for racial and urban struggles during one of the most active social movement periods in recent U S history Stephen Ward details both the personal and the political dimensions of the Boggses' lives highlighting the vital contributions these two figures made to black

activist thinking At once a dual biography of two crucial figures and a vivid portrait of Detroit as a center of activism Ward's book restores the Boggses and the intellectual strain of black radicalism they shaped to their rightful place in postwar American history
