*Touching and Being Touched* Gabriele Brandstetter, Gerko Egert, Sabine Zubarik, 2013-10-29 Touch is a fundamental element of dance. The time forms and contact zones of touch are means of expression both of self reflexivity and the interaction of the dancers. Liberties and limits, creative possibilities and taboos of touch convey insights into the aisthesis of the different forms of dance into their dynamics and communicative structure as well as into the production and regulation of affects. *Touching and Being Touched* assembles seventeen interdisciplinary papers focusing on the question of how forms and practices of touch are connected with the evocation of feelings. Are these feelings evoked in different ways in tango, Contact improvisation, European and Japanese contemporary dance? The contributors to this volume, dance literature and film scholars as well as philosophers and neuroscientists, provide in depth discussions of the modes of transfer between touch and being touched. Drawing on the assumptions of various theories of body, emotion and senses, how can we interpret the processes of tactile touch and of being touched emotionally? Is there a specific spectrum of emotions activated during these processes within both the spectator and the dancer? How can the relationship of movement, touch and emotion be analyzed in relation to kinesthesia and empathy?

**Perspectives in Motion** Brian Diettrich, 2021-03-10 Focusing on visual approaches to performance in global cultural contexts, *Perspectives in Motion* explores the work of Adrienne L. Kaeppler, a pioneering researcher who has made a number of interdisciplinary contributions over five decades to dance and performance studies. Through a diverse range of case studies from Oceania, Asia and Europe and interdisciplinary approaches, this edited collection offers new critical and ethnographic frameworks for understanding and experiencing practices of music and dance across the globe.

*Social Partner Dance* David Kaminsky, 2020-04-08 *Social Partner Dance: Body, Sound and Space* is an ethnographic theory of social partner dancing built on participant observation and interviews with instructors of tango, lindy hop, salsa, blues and various other forms. The work establishes a general analytical language for the study of these dances based on the premise that a thorough understanding of any lead/follow form must consider in depth how it manages the four-part relationship between self, partner, music and surroundings. Each chapter begins with a brief vignette on a distinct dance form and explores the focused worlds of partnered dancing done for the joy and entertainment of the dancers themselves. Grounded intellectually in embodiment studies and sensory ethnography and empirically in ethnographic fieldwork, *Social Partner Dance* promotes scholarship that understands the social, cultural and

political functions of partner dance through its embodied practice

**A Somaesthetics of Performative Beauty** Falk Heinrich, 2023-04-14 This book develops an original theory of performative beauty Philosophical aesthetics has largely neglected one's own actions as a potential experience of the beautiful Throughout the book the author uses his own experiences of Argentine tango as a case study one important incentive for social dancing is to have pleasurable and beautiful experiences This book begins by investigating the methodological causes for why beauty in modernity has been seen to result only from contemplating external objects It then builds a theory of performative beauty that incorporates findings from new phenomenology neuroaesthetics enactivism and somaesthetics and that reassesses existing inquiries of beauty The result is an account that identifies kinaesthetic awareness as the point of emergence of both theory and practice of creation poiesis and perception aisthesis and of moving agency and being moved reception Performative beauty is the pleasure of being moved by the dance where the dancer feels both as a creative improviser and as an integrated part of the activity itself A Somaesthetics of Performative Beauty Tangoing Desire and Nostalgia will appeal to scholars and advanced students working in aesthetics dance studies performance studies and related fields of artistic research Chapter 6 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
