university campuses Xaba argues that these intersecting colonial violences mirror spiritual violence hinder their holistic citizenship in South African universities and result in psycho spiritual disease By centring Black students voices this book provides crucial insights for educators policymakers activists healers and institutions committed to creating affirming academic spaces and epistemic healing It is an insightful read for scholars researching decoloniality in higher education as well as students of feminist studies decolonial theory educational justice and critical university studies *Customary Rights of Farmers in Neoliberal India* Sophy K. Joseph, 2020-02-14 The Protection of Plant Varieties and Farmer s Rights Act 2001 promises to balance the intellectual property rights of plant breeders and farmers under one umbrella legislation However there remain several grey areas and the rights of farmers in reality are still tenuous Though the rights framework was foregrounded on an understanding between non governmental organizations and industry there is lack of clarity at both conceptual and procedural levels In this context Sophy K Joseph analyses the impact of legal policy reforms during the ongoing Second Green Revolution on farmers customary rights and livelihood The author discusses how the extension of private property rights to plant varieties seeds and other agrarian resources changed the demographic composition of the rural space with increased migration of cultivators to the cities The book argues that the transition from state interventionism during the First Green Revolution to state abstention in the Second Green Revolution has dramatically influenced India s conventional agrarian practices and traditions This work maps the evolutionary process of neoliberal economic and legal policies and its interference with primary concerns such as food security food sovereignty and agrarian self reliance of the country **Intellectual Property and Traditional Knowledge in the Global Economy** Teshager W. Dagne, 2014-09-04 Arising from recent developments at the international level many developing countries indigenous peoples and local communities are considering using geographical indications GIs to protect traditional knowledge and to promote trade and overall economic development Despite the considerable enthusiasm over GIs in diverse quarters there is an appreciable lack of research on how far and in what context GIs can be used as a protection model for traditional knowledge based resources This book critically examines the potential uses of geographical indications as models for protecting traditional knowledge based products and resources in national and international intellectual property legal frameworks By analysing the reception towards GIs from developing countries and advocates of development in the various legal and non legal regimes including the World Trade Organization World Intellectual Property Organization and the Convention on Biological Diversity and the Food and Agricultural Organization the book evaluates the development potential of GIs in relation to ensuing changes in international intellectual property law in accommodating traditional knowledge Teshager W Dagne argues for a degree of balance in the approach to the implementation of global intellectual property rights in a manner that gives developing countries an opportunity to protect traditional knowledge based products The book will be of great interest and use to scholars and students of intellectual property law public international law traditional knowledge and

global governance The Training of African Teachers in Natal from 1846-1964 Nicolas Schicketanz, 2024-06-07 The history of African teacher training in Natal is one of the most neglected and under researched aspects of educational history This book attempts to set out the administrative history of this field as a first step in stimulating the further research that is so urgently needed Print edition not for sale in Sub Saharan Africa Rich State, Poor State Greg Mills, 2023-09-01 Why do some states thrive grow their economies and uplift their people while others facing similar challenges slide into low growth social dysfunction and failure After decades of work on the ground in Africa Latin America Asia Europe and the Middle East bestselling author Greg Mills seeks to provide answers in Rich State Poor State After decades of work on the ground in Africa Latin America Asia Europe and the Middle East bestselling author Greg Mills seeks to provide answers in Rich State Poor State On each continent he traverses Mills interrogates the how and why How did Botswana go from being one of the least developed and poorest nations at independence to enjoying the highest rate of per capita growth of any country in the world Why has South Africa failed to attain similar heights How did the Baltic states achieve reforms that have positioned them among the best performing economies in Europe How did Vietnam overcome a traumatic past in favour of a rapid and positive development transformation Why is Mexico the only large developing economy that competes with China in manufacturing Drawing from interviews with current and former presidents prime ministers and key government officials across the globe as well as research from leading institutions to enrich his fieldwork Mills contrasts the successes and the failures and in so doing seeks to determine a path for the next generation of leaders Insightful and inspiring Rich State Poor State shows that with better choices the right policies and the will to implement them it is entirely possible to travel the road from poverty to prosperity **Identification and Citizenship in Africa** Séverine Awenengo Dalberto, Richard Banégas, 2021-05-09 In the context of a global biometric turn this book investigates processes of legal identification in Africa from below asking what this means for the relationship between citizens and the state Almost half of the population of the African continent is thought to lack a legal identity and many states see biometric technology as a reliable and efficient solution to the problem However this book shows that biometrics far from securing identities and avoiding fraud or political distrust can even participate in reinforcing exclusion and polarizing debates on citizenship and national belonging It highlights the social and political embedding of legal identities and the resilience of the documentary state Drawing on empirical research conducted across 14 countries the book documents the processes practices and meanings of legal identification in Africa from the 1950s right up to the biometric boom Beyond the classic opposition between surveillance and recognition it demonstrates how analysing the social uses of IDs and tools of identification can give a fresh account of the state at work the practices of citizenship and the role of bureaucracy in the writing of the self in African societies This book will be of an important reference for students and scholars of African studies politics human security and anthropology and the sociology of the state Sessional Papers British Colombia.
