Across the Lifespan Jennifer Bugos, 2016-08-12 This book examines contemporary issues in music teaching and learning throughout the lifespan illuminating an emerging nexus of trends shaping modern research in music education In the past most music learning opportunities and research were focused upon the pre adult population Yet music education occurs throughout the lifespan from birth until death emerging not only through traditional formal ensembles and courses but

increasingly through informal settings as well. This book challenges previous assumptions in music education and offers theoretical perspectives that can guide contemporary research and practice. Exploring music teaching and learning practices through the lens of human development sections highlight recent research on topics that shape music learning trajectories. Themes uniting the book include human development, assessment strategies, technological applications, professional practices, and cultural understanding. The volume deconstructs and reformulates performance ensembles to foster mutually rewarding collaborations across miles and generations. It develops new measures and strategies for assessment practices for professionals as well as frameworks for guiding students to employ effective strategies for self assessment. Supplemental critical thinking questions focus the reader on research applications and provide insight into future research topics. This volume joining established experts and emerging scholars at the forefront of this multifaceted frontier is essential reading for educators, researchers, and scholars who will make the promises of the 21st century a reality in music education. It will be of interest to a range of fields including music therapy, lifelong learning, adult learning, human development, community music, psychology of music, and research design.

Debates in Music Teaching Chris Philpott, Gary Spruce, 2012-07-26. *Debates in Music Teaching* encourages student and practising teachers to engage with contemporary issues and developments in music education. It aims to introduce a critical approach to the central concepts and practices that have influenced major interventions and initiatives in music teaching and supports the development of new ways of looking at ideas around teaching and learning in music. Accessible and comprehensive chapters will stimulate thinking and creativity in relation to theory and practice and will facilitate readers in reaching their own informed judgements and rationalising their position with deep theoretical knowledge and understanding. Throughout the book international experts in the field consider key issues including the justification for music in the school curriculum, partnerships in music education and the identity of the music teacher, technology and conceptions of musicianship, social justice and music education, the place of diverse musical genres and traditions in the music curriculum, critical thinking and music education, autonomy and integrity for music in cross curricular work, the politics, sociology and philosophy of music education. *Debates in Music Teaching* is for all student and practising teachers interested in furthering their understanding of the subject. Including carefully annotated further reading and reflective questions to help shape research and writing, this collection stimulates critical and creative thinking in relation to contemporary debates within music education.

The Journey from Music Student to Teacher Michael Raiber, David Teachout, 2014-01-03. *From Music Student to Teacher: A Professional Approach* helps prospective music educators begin their transition from music student to professional music teacher. The text uniquely works to build upon the individual's personal experience to enhance their approach to the profession. The authors help students first recognize their personal perspectives of the profession and uncover the assumptions they have concerning learning and teaching. They are then prepared to make mindful informed decisions about their professional education. The topics and activities are deliberately organized to help the

reader think as a professional rather than a student Divided into three parts a discovery of self b discovery of teaching and c discovery of learners The three parts address the primary stages of teacher development Within each part readers are connected to the theoretical foundations of the text and the process of becoming an insider to the profession From Music Student to Teacher A Professional Approach incorporates online resources and tools that are already familiar to students in their world of networking through social media Features include Social networking activities to aid self reflection and discussion Connecting to the Profession sections that provide resources which help to bridge the gap between theory and practice Discussion and glossary that provide a solid base in professional terminology An integrated companion website including videos of teaching practice and further activities for self reflection plus instructor material Michael A Raiber is Professor of Music Education at Oklahoma City University David J Teachout is Associate Professor and Department Head of Music Education at the University of North Carolina Greensboro
