Acts and Paul's Letters Mark L. Strauss,2025-09-15 Situated at the pivotal intersection of the departure of Jesus Christ and the arrival of the Holy Spirit Acts and Paul's Letters The Gospel to the Ends of the Earth tells the story of the birth of the Christian church and the remarkable spread of the gospel Readers will learn how to interpret Paul's thirteen letters within the context of the historical telling of the early Christian movement in the Book of Acts and will gain a deeper appreciation and understanding of one of the most important epochs in human history **The Last Exit** Michael Kaufman,2021-01-12 Perfect for fans of Ben Winters and Cory Doctorow In this thrilling near future novel the secret to eternal life is closely guarded by people who will do anything to protect it even if it means destroying everything in their path Set in Washington D C in the near future climate change has hit hard fires are burning unemployment is high and controversial longevity treatments are only available to the very rich Enter resourceful young police detective Jen B Lu and her partner Chandler a SIM implant in her brain and her instant link to the Internet and police records and constant voice inside her head He's an inquisitive tough guy with a helluva sense of humor and his own ideas about solving crimes As a detective in the Elder Abuse unit Jen is supposed to be investigating kids pushing their aging parents to exit so they are eligible to get the longevity drug But what really has her attention are the persistent rumors about Eden an illegal version of the longevity drug and the bizarre outbreak of people aging almost overnight then suddenly dying is this all connected Is Big Pharma involved When Jen's investigations of Eden take her too close to the truth she is suspended Chandler is deactivated and her boyfriend is freaked out by the thing inside her brain This leaves Jen to pursue a very dangerous investigation all by herself **Remembering 1989** Anke Pinkert,2024-10-07 This account of the laboratory of radical democracy in the months before East Germany's absorption in the West challenges memories of Germany's reunification For many 1989 is an iconic date one we associate with the fall of the Berlin Wall and the end of the Cold War The year prompts some to rue the defeat of socialism in the East while others celebrate a victory for democracy and capitalism in the reunified Germany Remembering 1989 focuses on a largely forgotten interregnum the months between the outbreak of protests in the German Democratic Republic in 1989 and its absorption by the West in 1990 Anke Pinkert who herself participated in those protests recalls these months as a volatile but joyous laboratory of radical democracy and tells the story of how and why this time out of joint has been erased from Germany's national memory Remembering 1989 argues that in order to truly understand Germany's historic transformation we must revisit protesters' actions across a wide range of minor vernacular and often transient sources Drawing on rich archives including videotapes of untelevised protests illegally printed petitions by Church leaders audio recordings of dissident meetings and interview footage with military troops Pinkert opens the discarded history of East European social uprisings to new interpretations and imagines alternatives to Germany's neoliberal status quo The result is a vivid unexpected contribution to memory studies and European history **Crossed Boundaries** Jennifer Johnson,2015-05-14

Having no idea that the unexpected visit of her brother in law Darnell Parks would expose the truth of her loveless abusive marriage Gracie Parks had walked away from the only home her children had known Pregnant with a third child she truly believed that a life in her widowed fathers house would no negative effect on her young impressionable daughters
