Learning from Shanghai Charlene Tan, 2012-11-27 The Shanghai school system has attracted worldwide attention since its impressive performance in the Programme for International Student Assessment PISA in 2009 The system ranks as a stunning success according to standards of the Organisation for Economic Co operation and Development OECD Shanghai also stands out for having the world s highest percentage of resilient students students from socio economically disadvantaged backgrounds who emerge as top performers Learning From Shanghai Lessons on Educational Success offers a close up view of the people and the policies that have achieved such world class performance Based on research and

personal observation gathered during the author's recent field work with school principals, teachers and students, this book explores the factors that explain Shanghai's exceptional success in education. The approach combines high standards of scholarly research and analysis with the author's unique personal insights as evidenced by chapters entitled *Education is Filling a Bucket* and *Lighting a Fire* and *Tiger Mothers Dragon Children*. Drawing on her experience as an education professional and a teacher of teachers, Charlene Tan thoroughly examines and analyzes the people, the policies and the practices that distinguish Shanghai educators. The contents include comprehensive details on the Shanghai approach to quality education from discussion of the balance between centralization and decentralization to school autonomy and accountability to testing policy and professional development for teachers. The book includes detailed tables on curriculum and school performance targets, sample appraisal forms for teachers and students and dozens of photographs. The author is an Associate Professor at the National Institute of Education, Nanyang Technological University, Singapore.

The Handbook of Contemporary Cambodia Katherine Brickell, Simon Springer, 2016-09-13. Offering a comprehensive overview of the current situation in the country, *The Handbook of Contemporary Cambodia* provides a broad coverage of social, cultural, political and economic development within both rural and urban contexts during the last decade. A detailed introduction places Cambodia within its global and regional frame and the handbook is then divided into five thematic sections: Political and Economic Tensions, Rural Developments, Urban Conflicts, Social Processes, Cultural Currents. The first section looks at the major political implications and tensions that have occurred in Cambodia as well as the changing parameters of its economic profile. The handbook then highlights the major developments that are unfolding within the rural sphere before moving on to consider how cities in Cambodia and particularly Phnom Penh have become primary sites of change. The fourth section covers the major processes that have shaped social understandings of the country and how Cambodians have come to understand themselves in relation to each other and the outside world. Section five analyses the cultural dimensions of Cambodia's current experience and how identity comes into contact with and responds to other cultural themes. Bringing together a team of leading scholars on Cambodia, the handbook presents an understanding of how sociocultural and political-economic processes in the country have evolved. It is a cutting-edge and interdisciplinary resource for scholars and students of Southeast Asian Studies as well as policymakers, sociologists and political scientists with an interest in contemporary Cambodia.
