

## Paper Topics for Immunology

As stated in the syllabus, the paper you write should specifically focus on the cellular immunology of the topic you choose and there should be current journal articles written on the subject. For many of you the topic you that you will cover will be related to disease. While it is fine to briefly describe the important symptoms, it is absolutely required that you discuss the pertinent immunology of the subject you are studying in your paper. Ideally, the biology will explain the resulting symptoms and you should make this link clear in your paper.

I can provide you with more specifics on the topics listed below so please feel free to come and talk with me. Please do not feel constrained by these suggestions. Follow your own creative idea!
