Ferrito, Dominic C. Mocerì**

Importance Of Report Card:

Organizational Report Cards William T. Gormley Jr., David L. Weimer, 1999-03 In recent years consumers professional organizations government officials and third party payers have become increasingly concerned about how to assess the quality of the services provided by organizations in both the private and the public sectors One new approach is the organizational report card which compares the performance of organizations such as public schools colleges hospitals and HMOs This book offers the first comprehensive study of such instruments It discusses the circumstances under which they are desirable alternatives to other policy instruments such as regulation how they should be designed who is likely to use them and for what purpose and what role if any government should have in their creation Informed by cases drawn from education health and other policy areas this book develops a conceptual framework for analyzing these issues It explores the tradeoffs in measuring performance the methods of communicating results effectively to mass and elite audiences and the ways in which organizations respond to the data gathered

Grading the Nation's Report Card National Research Council, Commission on Behavioral and Social Sciences and Education, Board on Testing and Assessment, Committee on the Evaluation of National and State Assessments of Educational Progress, 2000-04-23 The National Assessment of Educational Progress NAEP known as the nation's report card has chronicled students academic achievement in America for over a quarter of a century It has been a valued source of information about students performance providing the best available trend data on the academic achievement of elementary middle and secondary school students in key subject areas NAEP's prominence and the important need for stable and accurate measures of academic achievement call for evaluation of the program and an analysis of the extent to which its results are reasonable valid and informative to the public This volume of papers considers the use and application of NAEP It provides technical background to the recently published book *Grading the Nation's Report Card Evaluating NAEP and Transforming the Assessment of Educational Progress* NRC 1999 with papers on four key topics NAEP's assessment development content validity design and use and more broadly the design of education indicator systems

The Other Side of the Report Card Maurice J. Elias, Joseph J. Ferrito, Dominic C. Moceris, 2015-12-14 To better serve the whole child look at the whole report card Although parents and teachers spend more time in conferences talking about behavior than they do about rubrics and test scores too many teachers are still guessing when it comes to using outdated behavior ratings and comments to describe the whole child With this book you'll take report cards to the next level integrating social emotional learning and character development into any grading system Resources include Guided exercises for analyzing existing report cards Suggested report card designs Tips on improving teacher parent communication Case studies Testimonials from teachers and students
