**Where Am I in the Picture?** Claudia Mitchell, Katarina Giritli-Nygren, Relebohile Molestane, 2023-12-18 Positionality and researcher reflexivity how to account for one's subject position remain as challenges for new researchers But they also remain as challenges for experienced researchers who are often involved in multiple research projects simultaneously Where Am I in the Picture sheds light on the idea of researcher positionality through visual methodologies particularly in the context of studying rurality in Canada Sweden and South Africa The book is intended for new and experienced researchers seeking to decolonize their own perspectives in research in the social sciences and humanities It incorporates photographs drawings and memory work to highlight the social constructedness of what counts as rural Drawing together compelling narratives from researchers about their positionality in studying rurality the book highlights a need for greater attention to where we are in the picture more broadly It suggests that when it comes to the rural researchers need to rethink the interplay of dominant images insider and outsider perspectives and what this interplay means in relation to interpretation Where Am I in the Picture presents a new vision of how to take into consideration positionality in research
