life I m hoping growing up in suburbia USA Young life was a bowl of cherries having all I needed and happy with it My wants
became my goals and most were achieved Dreams are fun to think about but to turn them into reality takes planning and a
strong desire Airplanes were in my dreams from an early age and learning to fly an airplane was top on the list Using all the
skills learned from sports school and jobs I started flying lessons at age fifteen Funding my lessons was my after school job at
A W Root Beer stand It all worked out and a month after my sixteenth birthday I soloed my first airplane This was the
beginning of my love affair with flying With all the twists and turns in life and all that goes with it I secured my first
professional flying job at age twenty five I was making money flying airplanes not much but to me that was secondary
Someone paying me to fly their airplane was a feeling I will never forget The lessons in flying then were huge I learned so
much that at times I wondered if I went to flight school or what I was doing when I was there The early days flying
professionally were truly a dream come true and the lessons learned could never come from a textbook The climax of my
professional flying took place in Alaska flying a turbine powered aircraft My flying career came to a crashing halt after being
diagnosed with a major mental illness manic depression The kid who could do almost anything could hardly do anything All
hope for me was tested and I didn't know if I had it in me to recover The only hope I had was in Jesus Will he hear my prayer
