Murder at Asheville's Battery Park Hotel: The Search for Helen Clevenger's Killer Anne Chesky Smith, 2021-07-26 In 1936 Helen Clevenger's uncle discovered her bloodied body crumpled on the floor of her small room in Asheville's grand Battery Park Hotel. She had been shot through the chest. Buncombe County sheriff Laurence Brown, up for reelection, desperately searched for the white teenager's killer as the public clamored for answers. Even after Sheriff Brown secured a confession from a young Black man, many southerners feared that the crime had not been solved. Author Anne Chesky Smith weaves together varying accounts of the murder and investigation to expose a complex and disturbing chapter in Asheville's history. Page 4 of cover

*The High Cost of Free Parking* Donald Shoup, 2017-10-20 One of the American Planning Association's most popular and influential books is finally in paperback with a new preface from the author on how thinking about parking has changed since this book was first published. In this no-holds-barred treatise, Donald Shoup argues that free parking has contributed to auto dependence, rapid urban sprawl, extravagant energy use, and a host of other problems. Planners mandate free parking to alleviate congestion but end up distorting transportation choices, debasing urban design, damaging the economy, and degrading the environment. Ubiquitous free parking helps explain why our cities sprawl on a scale fit more for cars than for people and why American motor vehicles now consume one eighth of the world's total oil production. But it doesn't have to be this way. Shoup proposes new ways for cities to regulate parking: namely, charge fair market prices for curb parking, use the resulting revenue to pay for services in the neighborhoods that generate it, and remove zoning requirements for off-street parking. Such measures, according to the Yale-trained economist and UCLA planning professor, will make parking easier and driving less necessary. Join the swelling ranks of Shoupistas by picking up this book today. You'll never look at a parking spot the same way again.

Grant Park Dennis H. Cremin, 2013-05-28 On November 4, 2008, when president-elect Barack Obama celebrated his victory with more than one hundred thousand supporters in Chicago, everyone knew where to meet. Long considered the showplace and cultural

center of Chicago Grant Park has been the site of tragedy and tension as well as success and joy In addition to serving as the staging grounds for Abraham Lincoln s funeral procession through the city the park has been the setting for civil rights protests and the 1968 Democratic National Convention demonstrations The faithful attended the open air mass of Pope John Paul II in Grant Park and fans gathered there to cheer for the Chicago Bulls after their championship wins The long park overlooking the beautiful waters of Lake Michigan has played an active part in Chicago and U S history In 1836 only three years after Chicago was founded Chicagoans set aside the first narrow shoreline as public ground and declared it forever open clear and free Chicago historian and author Dennis H Cremin reveals that despite such intent the transformation of Grant Park to the spectacular park it is more than 175 years later was a gradual process at first fraught with a lack of funding and organization and later challenged by erosion the railroads automobiles and a continued battle between original intent and conceptions of progress Throughout the book Cremin shows that while Grant Park s landscape and uses have changed throughout its rocky history the public ground continues to serve as a display case for the city and a calling card to visitors Amply illustrated with maps and images from throughout Chicago s history Grant Park shows readers how Chicago s front yard developed into one of the finest urban parks in the country today 2014 Illinois State Historical Society Book of the Year
