Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1955 **A Life on Fire** Connie Cronley, 2021-08-26 How can women wear diamonds when babies cry for bread Kate Barnard demanded in one of the incendiary stump speeches for which she was well known In *A Life on Fire* Connie Cronley tells the story of Catherine Ann Kate Barnard 1875 1930 a fiery political reformer and the first woman elected to state office in Oklahoma as commissioner of charities and corrections in 1907 almost fifteen years before women won the right to vote in the United States Born to hardscrabble settlers on the Nebraska prairie Barnard committed her energy courage and charismatic oratory to the cause of Progressive reform and became a political powerhouse and national celebrity As a champion of the poor workers children the imprisoned and the mentally ill Barnard advocated for compulsory education prison reform improved mental health treatment and laws against child labor Before statehood she stumped across the Twin Territories to unite farmers and miners into a powerful political alliance She also helped write Oklahoma's Progressive constitution creating what some heralded as a new kind of state But then she took on the so called Indian Question Defending Native orphans against a conspiracy of graft

that reached from Oklahoma to Washington D C she uncovered corrupt authorities and legal guardians stealing oil gas and timber rights from Native Americans federal allotments In retaliation legislators and grafters closed ranks and defunded her state office Broken in health and heart she left public office and died a recluse She remains however a riveting figure in Oklahoma history a fearless activist on behalf of the weak and helpless *Muskogee* Roger Bell,2011 On New Year s Day in 1872 a Missouri Kansas Texas Railroad Katy track crew reached a point just a few miles south of the confluence of the Arkansas Grand and Verdigris Rivers in Indian Territory and established a depot it called Muskogee Station A ragtag settlement quickly developed nearby and the name was eventually changed to Muskogee By the turn of the century Muskogee became the center of political and commercial activity in the territory Nicknamed the Queen City of the Southwest Muskogee was a boomtown and expectations were high that the city would develop into a large metropolitan area However by the 1920s after the oil boom in nearby Tulsa Muskogee s growth waned and it became a working class Oklahoma town The city was thrust into the national limelight in the 1960s by country music star Merle Haggard and his song Okie from Muskogee which described Muskogee as a place where even squares can have a ball An ethnically diverse community Muskogee has a rich history of developing artists musicians politicians and entrepreneurs **Lynching and Leisure** Terry Anne Scott,2022-03-04 Winner 2022 Ottis Lock Endowment Best Book Award from the East Texas Historical Association In *Lynching and Leisure* Terry Anne Scott examines how white Texans transformed lynching from a largely clandestine strategy of extralegal punishment into a form of racialized recreation in which crowd involvement was integral to the mode and methods of the violence Scott powerfully documents how lynchings came to function not only as tools for debasing the status of Black people but also as highly anticipated occasions for entertainment making memories with friends and neighbors and reifying whiteness In focusing on the sense of pleasure and normality that prevailed among the white spectatorship this comprehensive study of Texas lynchings sheds new light on the practice understood as one of the chief strategies of racial domination in the nineteenth and twentieth century South Violent Utopia Jovan Scott Lewis,2022-08-08 In *Violent Utopia* Jovan Scott Lewis retells the history and afterlife of the 1921 Tulsa race massacre from the post Reconstruction migration of Black people to Oklahoma Indian Territory to contemporary efforts to rebuild Black prosperity He focuses on how the massacre in Tulsa s Greenwood neighborhood colloquially known as Black Wall Street curtailed the freedom built there Rather than framing the massacre as a one off event Lewis places it in a larger historical and social context of widespread patterns of anti Black racism segregation and dispossession in Tulsa and beyond He shows how the processes that led to the massacre subsequent urban renewal and intergenerational poverty shored up by nonprofits constitute a form of continuous slow violence Now in their attempts to redevelop resources for self determination Black Tulsans must reconcile a double inheritance the massacre s violence and the historical freedom and prosperity that Greenwood represented Their future is tied to their geography which is the foundation from which they will repair and fulfill Greenwood s promise **The Ozarks**

Zink, 2018-06-01 This work provides a compelling explanation of something that has bedeviled a number of feminist scholars Why did popular authors like Edna Ferber continue to write conventional fiction while living lives that were far from conventional Amanda J Zink argues that white writers like Ferber and Willa Cather avoided the subject of their own domestic labor by writing about the performance of domestic labor by others showing that American print culture both in novels and through advertisements moved away from portraying women as angels in the house and instead sought to persuade other women to be angels in their houses Zink further explores lesser known works such as Mexican American cookbooks and essays in Indian boarding school magazines to show how women writers dialoging domesticity exemplify the cross cultural encounters between colonial domesticity and sovereign domesticity By situating these interpretations of literature within their historical contexts Zink shows how these writers championed and challenged the ideology of domesticity *Geyer's Stationer*, 1925 **Discovering the Us on a Bicycle** Edward Abair, 2015-10-16 With 250 in his pocket a bicycle and a pack weighing thirty seven pounds author Edward Abair set off for this adventure of a lifetime in 1972 Twenty seven years old this teacher and former Army medic bicycled 5 800 miles alone from Long Beach California to Miami Florida to Boston Massachusetts In *Discovering the US on a Bicycle* Abair shares a recap of his travels on that trip He tells how he burned in 110 degree Southwest deserts crossed the rugged West ascended the Continental Divide fed Mississippi mosquitoes poured sweat in the humid swamplands of the South and witnessed the devastation of a hurricane in Pennsylvania On the way he slept in river washes abandoned motels fire stations jails a river park with water moccasins barns and under porch roofs Forty years later Abair kept a promise to travel the northern United States on the Lewis and Clark Trail in reverse from Astoria Oregon to St Louis Missouri This time he used modern equipment and had a wife
