THE GUIDE TO ANSWERING ISLAM Daniel Janosik,2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths THE GUIDE TO ISLAM will be an effective evangelism tool In addition each chapter will end with review questions helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective
