So You're Thinking About Homeschooling: Second Edition Lisa Whelchel, 2009-02-19. Discover the Diversity of Homeschooling. Confused and intimidated by the complexities of homeschooling, many parents assume it could never work for them. Now an updated edition of *So You're Thinking About Home Schooling* by Lisa Whelchel herself, a homeschooling mother of three, introduces to readers fifteen composite portraits of homeschooling families who show how every family can successfully face the unique challenges of its situation. The story-based approach deals with common questions of time management, teaching weaknesses, and outside responsibilities, as well as children's age variations, social and sports involvement, learning disabilities, and boredom. Seeing a wide variety of homeschooling families in action gives parents the information and confidence they need to make their own decisions about home-based education. Includes a new chapter from Lisa and an all-new resource guide with recommendations from real-life homeschooling families.

I'm Thinking About Homeschooling. You're also probably thinking, "But can I really teach my children? Where do I start? What if I need to work outside the home? Must I have twelve children? Raise goats and bake my own bread? And what about socialization?" I could tell you the answers to these questions, but I would rather show you. Beginning with my own, I want to introduce you to fifteen families in fifteen unique situations who have all chosen to homeschool for different reasons, using a variety of learning methods. So let's rap lightly on the homeschool door and peek inside before we decide if we are ready to move in. *Story Behind the Book*. My hope is that by the end of the book and a stroll through the neighborhood, you will feel more confident as you identify a family situation and teaching method that resonates with your personality and philosophy of education. From there, you can simply look to the end of each chapter to find a sample schedule for the homeschool day and list of curriculum suggestions for that particular teaching method. Lisa

Deciding if homeschooling is right for your family just got easier with this warm, entertaining information-packed portrayal of its flexibility, diversity, triumphs, and challenges. Grab a cup of tea and enjoy. Linda Dobson, author of *The First Year of Homeschooling Your Child*.
