

In her riveting *New York Times* bestselling memoir, Elizabeth Smart reveals how she survived nine months with her captors and the secret to forging a new life in the wake of a brutal crime

ON JUNE 5, 2002, fourteen-year-old Elizabeth Smart, the daughter of a close-knit Mormon family, was taken from her home in the middle of the night by religious fanatic Brian David Mitchell and his wife, Wanda Barzee. She was kept chained, dressed in disguise, repeatedly raped, and told she and her family would be killed if she tried to escape. After her rescue on March 12, 2003, she rejoined her family and worked to pick up the pieces of her life.

In *My Story* she tells, for the first time, of the constant fear she endured every hour, her courageous determination to maintain hope, and how she convinced her captors to return to Utah, where she was rescued minutes after arriving. Smart explains how her faith helped her stay sane in the midst of a nightmare and how she found the strength to confront her captors at their trial and see that justice was served.

In this new edition, Smart explores how she readjusted to life after the kidnapping, how she learned to cope, and how telling her story has changed her.

"Smart stresses the fundamental qualities of her suffering: hunger, thirst, loneliness....

Its power lies in the way Smart presents herself, as a pure girl who emerged from degradation purer still—stronger but somehow still innocent." — *THE NEW YORKER*

"The inspirational and ultimately redemptive story of a teenage girl's descent into hell, framed as a parable of faith... Smart tells of the abuse and degradation she suffered and of the faith that fueled her determination to survive." — *KIRKUS REVIEWS*

and has been normalized to such an extent that any sexuality that is perceived as different from the dominant cis gendered heteropatriarchal norm is considered deviant. Non normative sexualities continue to be viewed by society as detrimental to the health of the nation. Consequently how one is perceived by the dominant culture continues to limit one's ability to thrive. Each chapter serves to analyze how one's perceived gender identity or sexuality can block access to economic opportunity. Queer trans spatial and intersectional theories form the base of the literary analyses. One of the contributors' goals is to present capitalism as it is intersectionally present in life identity and society. The authors studied in this collection come from the USA, Puerto Rico, Mexico and the Southern Cone of Latin America.

Thrivers Michele Borba, Ed. D., 2021-03-02. The bestselling author of *UnSelfie* offers 7 teachable traits that will safeguard our kids for the future. We think we have to push our kids to do more, achieve more, BE more. But we're modeling the wrong traits like rule following and caution and research shows it's NOT working. This kind of Striver mindset isn't just making kids unhappier, says Dr. Michele Borba, it's actually the opposite of what it takes to thrive in the uncertain world ahead. Thrivers are different; they flourish in our fast-paced digital driven, often uncertain world. Why? Through her in-depth research, Dr. Borba discovered that the difference comes down not to grades or test scores but to seven character traits that set Thrivers apart: confidence, empathy, self-control, integrity, curiosity, perseverance, and optimism. The even better news: these traits can be taught to children at any age. In fact, parents and educators must do so. In *Thrivers*, Dr. Borba offers practical, actionable ways to develop these traits in children from preschool through high school, showing how to teach kids how to cope today so they can thrive tomorrow.

Supernormal Meg Jay, 2017-11-14. Clinical psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce, bullying, alcoholism, or drug abuse in the home, mental illness in a parent or a sibling, neglect, emotional, physical, or sexual abuse, having a parent in jail, or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all too common experiences: everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students, and readers. She gives a voice to the supernormals among us as they reveal not only how they do it but also how it feels. These powerful stories and those of public figures from Andre Agassi to Jay Z will show supernormals they are not alone but are in fact in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether and how the good wins out in the end.
