

Figure 2.2: Government Objectives

- (i) **Support with a knowledge-based infrastructure.**
Through education of participating farmers for improved agricultural practices, extension services, and training, they build their skills. These include participating in local events and conferences, being able to interact effectively at the time, finding ways, maintaining the changes for future improvement.
- (ii) **Strengthen the government's role in a community.**
This role was previously limited to the government and involved part of the community. By using information, the government, the community, and the local government, they are able to find the best way to improve the community.
- (iii) **Strengthen the government's role in a community.**
Local and state government are responsible for finding the best way to improve the community. It is not just a matter of providing a good education, but also a matter of providing a good education and the local government. In the community, the government, through the local government, is responsible for finding ways to improve the community and to provide a good education. It is not just a matter of providing a good education, but also a matter of providing a good education and the local government. It is not just a matter of providing a good education, but also a matter of providing a good education and the local government.
- (iv) **Strengthen the government's role in a community.**
