Hearings, Reports and Prints of the House Committee on International Relations United States. Congress. House. Committee on International Relations,1978 **Monthly Catalogue, United States Public Documents** ,1985 *Media, Diaspora and Conflict* Janroj Yilmaz Keles,2015-08-21 For migrant communities residing outside of their home countries various transnational media have played a key role in maintaining reviving and transforming ethnic and religious identities A vital element is how media outlets report and represent ethno national conflict in the home country Janroj Yilmaz Keles here examines how this plays out among Kurdish and Turkish communities in Europe He offers an analysis of how Turkish and Kurdish migrants in Europe react to the myriad mediated narratives A vital element is how media outlets report and represent the ethno national conflict between the Turkish state and the Kurdish PKK Janroj Yilmaz Keles here offers an examination of how Turkish and Kurdish migrants in Europe react to the myriad narratives that arise Taking as his starting point an analysis of the nature of nationalisms in the modern age Keles shows how language is often a central element in the struggle for hegemony within a state The media has become a site for the clash of representations in both Turkish and Kurdish languages especially for those based in the diaspora in Europe These virtual communities connected by television and the internet in turn influence and are influenced by the way the conflict between the Turkish state and subaltern Kurds is played out both in the media and on the ground By looking at first second and third generations of Turkish and Kurdish populations in Europe Keles highlights the dynamics of migration settlement and integration that often depend on the policies of each settlement country Since these settlement states often see the proliferation of such media as an impediment to integration *Media Diaspora and Conflict* offers timely analysis concerning the nature of diasporas and the construction of identity **Monthly Catalog of United States Government Publications** United States. practice in a way which breaches human rights in particular cases The Committee is particularly concerned about the risk of the new provisions relating to residential tenancies giving rise in practice to homelessness in the case of people who have no right to remain in the UK but face genuine barriers to leaving The Committee is also concerned to ensure that these measures do not give rise to an undue risk that migrant children will be exposed to homelessness or separation from family members The provisions in the Bill on access to residential tenancies may heighten the risk of racial discrimination against prospective tenants notwithstanding the fact that such discrimination is unlawful under the Equality Act The First Tier Tribunal not the Secretary of State should decide whether it is within its jurisdiction to consider a new matter raised on an appeal In the report the Committee concludes that the restriction on appeal rights might constitute a serious threat to the practical ability to access the legal system to challenge unlawful immigration and asylum decisions and to enforce the statutory duty to have regard to the need to safeguard and promote the welfare of children when exercising immigration and asylum functions The Committee also comments on other aspects of the Bill **Cornell International Law Journal** ,2000

What Hangs in the Balance Philippe Johnson,2025-01-07 The actions or inactions of elected and appointed leaders determine whether the people they serve flourish or suffer What hangs in the balance is not just quality of life but often life itself Unprincipled and unethical leadership puts at risk mission accomplishment good governance public trust in democratic institutions national security and even the rule of law Over the course of Philippe Johnson s twenty four year career as a United States Air Force officer he learned to appreciate how flawed and ineffective leaders can still provide valuable lessons for all of us His thorough and candid analysis of Donald Trump s social media posts and conduct as president and how they were an aberration in both style and substance sets a foundation for leaders to embrace and implement myriad leadership traits and competencies required for success in public and private sector organizations Rather than criticizing specific policies Johnson s analysis focuses on leadership evaluation and practical imperatives for embracing each of the competencies Including insights from contributing subject matter experts and the wisdom of contemporary and historical luminaries Johnson provides a fascinating and sobering leadership critique in which readers will Discover why character

traits such as humility empathy respect for dignity and self control matter in every arena and bolster crucial leadership competencies Appreciate how one s fundamental leadership responsibilities promote core values and defend democratic principles and institutions Take away positive examples of seeking counsel and expertise that support sound decision making Understand how trust and accountability are fostered through disciplined and ethical behavior Experience and benefit from real world examples of what not to do while also being inspired by recent examples of courageously selfless leadership Differentiate between principled and unprincipled loyalty while countering undue influence and abuse of authority Experience behaviors associated with three personality disorders that undermine selfless leadership and create toxic workplaces A nation s citizens need and deserve exceptional leadership By providing guidelines for principled ethical competent and courageously selfless leadership What Hangs in the Balance leaves readers well poised and inspired to positively and profoundly impact the lives of those they serve

Visions of Freedom Piero Gleijeses, 2013-11-04 During the final fifteen years of the Cold War southern Africa underwent a period of upheaval with dramatic twists and turns in relations between the superpowers Americans Cubans Soviets and Africans fought over the future of Angola where tens of thousands of Cuban soldiers were stationed and over the decolonization of Namibia Africa s last colony Beyond lay the great prize South Africa Piero Gleijeses uses archival sources particularly from the United States South Africa and the closed Cuban archives to provide an unprecedented international history of this important theater of the late Cold War These sources all point to one conclusion by humiliating the United States and defying the Soviet Union Fidel Castro changed the course of history in southern Africa It was Cuba s victory in Angola in 1988 that forced Pretoria to set Namibia free and helped break the back of apartheid South Africa In the words of Nelson Mandela the Cubans destroyed the myth of the invincibility of the white oppressor and inspired the fighting masses of South Africa

Post-Conflict Development in East Asia Brendan M. Howe, 2016-04-08 East Asia is a region deeply affected by conflict Colonial ideological and national wars have left their scars and legacies on regional international and national governance Yet East Asian post conflict development experiences have been viewed as remarkably successful The three largest economies of East Asia Japan China and South Korea have all experienced dramatic growth but immediately prior to their periods of expansion all experienced the devastating impacts of international conflicts and or civil upheaval These post conflict development success stories do not however tell the whole tale Other states in East Asia and in particular certain regions within some of these states while apparently emerging from similar conflictual backgrounds have experienced far less positive transitions This volume critically assesses measurements of success in East Asian post conflict development from a human centered perspective This involves a major re evaluation of accepted accounts of domestic governance and international relations in East Asia from both a comparative and interdisciplinary viewpoint Case study rich this volume provides policy prescriptions for East Asian donors and actors in an effort to provide Asian solutions for Asian problems
