self help tool to answer these tough questions during life changing moments Are you ready to be a RAWCHAMP **Secrets the Trucking Companies Don't Want You to Know!** Yvonne Wright,2009-04-01 Knowledge is power If you are contemplating getting a Class A Commercial Driver s License CDL read this book first Trucking companies paint a deceptively scintillating picture of the profession It is imperative that you learn the secrets the trucking companies don t want you to know Learn to sidestep being brainwashed into making choices that only benefit the company Allow this book to guide you through the minefield of trucking choices You will emerge not just unscathed but victorious An aptitude test will determine if you are truck driver material You will learn how to choose a CDL school and receive valuable tips about training After learning how to be hired on by the company that can best meet your needs you will be coached about how to make the most money possible A list of questions to ask prospective employers will prove to be invaluable Let this book walk you through each step in your truck driving career from prospective student to becoming a trainer Lead with Speed Alan Willett,2020-05-01 The speed of the business is the speed of the leader It s time to up your game One of the most important questions a leader can ask themselves is How do I get my teams my organization to move faster That is the challenge that all leaders face This challenge grows more intense every day Lead with Speed is the answer This problem of speed is often disguised by other symptoms such as my projects cannot make an accurate prediction of when they will be done or the stated need of my teams need to take more risks The real need is not reckless risk taking that will lead to even more problems and finishing even later The real need is for speed An organization can only move as quickly as its leaders Lead with Speed shows you how to get your ideas plans and needs disseminated quickly from the top down Innovation or genius is 1 percent inspiration and 99 percent perspiration Alan Willett provides a comprehensive guide on how to sweat faster You will learn how to Develop the mind set required for leading with speed Discern the critical differences between slow and fast projects Notice what you as a leader need to do to create those differences Create a targeting system for speed Get whole groups of people working together to create organizational speed Lead the exceptional few to be the catalyst for accelerating your organization **Developing Faculty Learning Communities at Two-Year Colleges** Susan Sipple,Robin Lightner,2023-07-03 This book introduces community college faculty and faculty developers to the use of faculty learning communities FLCs as a means for faculty themselves to investigate and surmount student learning problems they encounter in their classrooms and as an effective and low cost strategy for faculty developers working with few resources to stimulate innovative teaching that leads to student persistence and improved learning outcomes Two year college instructors face the unique challenge of teaching a mix of learners from the developmental to high achievers that requires using a variety of instructional strategies and techniques Even the most experienced teachers can find this diversity demanding Faculty developers at many two year colleges still rely solely on the one day workshop model that while useful rarely results in sustained student centered changes in pedagogy or the curriculum and may not be practicable for the growing cohort of part

time faculty members By linking work in the classroom with scholarship and reflection FLCs provide participants with a sense of renewed engagement and stimulate collegial exploration of ways to achieve educational excellence FLCs are usually faculty instigated and cross disciplinary and comprise groups of six to fifteen faculty that work collaboratively through regular meetings over an extended period of time to promote research and an exchange of experiences foster community and develop the scholarship of teaching FLCs alleviate burnout and isolation promote the development testing and peer review of new classroom strategies or technologies and lead to the reenergizing and professionalization of teachers This book introduces the reader to FLCs and to the Scholarship of Teaching and Learning offering examples of application in two year colleges Individual chapters describe among others an FLC set up to support course redesign an Adjunct Connectivity FLC to integrate part time faculty within a department and collaborate on the curriculum a cross disciplinary FLC to promote student self regulated learning and improve academic performance and persistence a critical thinking FLC that sought to define critical thinking in separate disciplines examine interdisciplinary cross over of critical thinking and measure critical thinking more accurately an FLC that researched the transfer of learning and developed strategies to promote students application of their learning across courses and beyond the classroom Each chapter describes the formation of its FLC the processes it engaged in what worked and did not and the outcomes achieved Just as when college faculty fail to remain current in their fields the failure to engage in continuing development of teaching skills will equally lead teaching and learning to suffer When two year college administrators restrain scholarship and reflection as inappropriate for the real work of the institution they are in fact hindering the professionalization of their teaching force that is essential to institutional mission and student success When FLCs are supported by leaders and administrators and faculty learn that collaboration and peer review are valued and even expected as part of being a teaching professional they become intrinsically motivated and committed to collaboratively solving problems setting the institution on a path to becoming a learning organization that is proactive and adept at navigating change
