All contributors are biblical scholars who not only think seriously about the texts covered in their individual chapters but have committed their lives to teaching and living the truths therein. This volume walks through the sections of the Bible gleaning insights from each biblical writer. Every chapter analyzes the original setting of the writing, extrapolates the leadership principles in the text, and provides advice on applying that theology of leadership. Presented in everyday language understandable to both professionals and practitioners, these lessons will equip current and upcoming leaders to make a Christlike impact.
