S Ben Porath

Journey Across Time Chapter 1 Powerpoint:

Survey of Historic Costume Phyllis G. Tortora, Sara B. Marcketti, 2015-03-12 Survey of Historic Costume presents a thorough overview and chronology of Western dress from the ancient world to the trends of today Microsoft PowerPoint Best Practices, Tips, and Techniques Chantal Bossé, 2023-02-10 Want to become a PowerPoint Pro Written by a PowerPoint expert and Microsoft MVP this book helps you create visually appealing PowerPoint presentations using advanced tools features and expert techniques for better impact Purchase of the print or Kindle book includes a free PDF eBook Key Features Learn how to plan your content and prepare your PowerPoint masters Create beautiful content using PowerPoint features and add ins Deliver impressive presentations by leveraging PowerPoint s advanced delivery tools Book Description Giving great business presentations that stand out can mean the difference between getting and losing out on an important promotion a critical client deal or a grant To start creating PowerPoint presentations that showcase your ideas in the best light possible you ll need more than attractive templates you ll need to leverage PowerPoint s full range of tools and features This is where this PowerPoint book comes in leading you through the steps that will help you plan create and deliver more impactful and professional looking presentations The book is designed in a way to take you through planning your content efficiently and confidently preparing PowerPoint masters After you ve gotten to grips with the basics you ll find out how to create visually appealing content using the application s lesser known more advanced features including useful third party add ins The concluding chapters will equip you with PowerPoint s advanced delivery tools which will enable you to deliver memorable presentations By the end of this book you ll be able to confidently choose processes to create and deliver impactful presentations more efficiently What you will learn Plan your PowerPoint presentation content and know your audience Prepare PowerPoint masters to speed up the development process and maintain consistency Add and modify visual and multimedia elements Use transitions and animations efficiently Build flexibility and interactivity into your presentations Practice your delivery with Presenter Coach Leverage Presenter View during delivery to increase your confidence Use PowerPoint Live in Teams for easy to manage remote presentations Who this book is for If you are a business professional looking for best practices for presentations and are interested in the features PowerPoint has to offer to help you create and deliver impactful presentations this book is for you No formal presentation design knowledge is needed but you do need to know PowerPoint s basic tools and functions such as starting and saving files adding copying pasting or moving slides A sound understanding of cloud storage and the use of Office 365 is also needed *Take the Journey* James A. Percoco, 2017-03 In *Take the Journey* author historian and educator James Percoco invites you and your students to the places where many events in American history happened The Journey Through Hallowed Ground is a 180 mile National Heritage area encompassing such historic sites as the Gettysburg battlefield and Thomas Jefferson s home Monticello Though it might prove difficult to visit these particular sites with your students Percoco argues that every community has a story that

can be connected to larger themes in American history and that place based history education can be made a part of every classroom from Nevada to Washington to Pennsylvania Filled with students voices and an enthusiasm for American history Take the Journey offers the following Practical and easy to implement lessons Classroom tested materials Specific directions for employing place based best practices in the classroom Ways to meet state standards without sacrificing teacher creativity or hands on learning Lists of resources and primary source materials So bring your students along and let them discover the twists and turns offered by history and the Journey Through Hallowed Ground

Navigating the Doctorate in Education

Julie Fernandez, Krista Allison, 2024-02-26 Navigating the Doctorate in Education is an engaging and honest conversation for anyone considering pursuing a doctorate degree in education This book helps prospective students navigate the journey from choosing the right university to completing the research and achieving the ultimate title of doctor of education Success in this advanced degree journey depends on understanding where to go financial personal and professional demands and the educational expectations of a doctorate degree There are nuances of the process whether you take classes on campus or online that every candidate should know before beginning this terminal degree A timely text Navigating the Doctorate in Education encapsulates perspectives from professors and former doctoral candidates so you will be informed and prepared for success

On Purpose Karen James, 2015-09-28 A witty insightful guide to rediscovering Purpose and leading like you mean it On Purpose is a modern day business book for those who want to steer their work and life back on course When your head and heart connect in both our humanity becomes the hero in the story Shed the mediocrity that comes from halfhearted decision making and rediscover your PLOT Purpose Leadership Operations and Technology as you learn to live and lead with purpose This insightful guide provides a framework for re evaluating your direction then stepping back and re aiming the ship It starts with a fable that illustrates just how businesses lose their PLOT every day then digs down to the nitty gritty to give you the actionable steps and practical advice you need to climb out of the rut Deliberately ironic and witty this book presents a fun but informative read that is anything but cynical You ll learn from the author s own successes using PLOT in her career as she turned a 9M business into a 100M business and went on to drive international and domestic philanthropic ventures and leadership training programmes PLOT will become the most practical four letter word you ll ever use This book shows you how a simple framework can become the turnaround your organisation and life so desperately need Get your work on target Shift engagement methods for better results Leverage technology into a purposeful tool Get up and act You may already have a documented vision and mission statement but that s no longer sufficient You need to act and lead with purpose every day in every decision you make You need to recognise and utilise good people and tools and redefine your goals to make them worth striving for On Purpose shows you how and gives you the practical tested guidance you need to start moving in the right direction

Leading Beyond Lean Petter Østbø, Robin Cattermole, Mark Wetherill, 2016-09-13

Three practicing managers with years of experience improving production facilities around the world explain why lean

methodology on its own often fails to deliver productivity gains and how a holistic package incorporating safety employee development business planning capital spending performance management quality and lean work can together to deliver results Improving productivity is the holy grail of every site manager But while three decades of initiatives from Kaizen through TQM to Lean Six Sigma have all had an impact the fact remains that a few companies outperform the others This is often because individual change initiatives address only one aspect of a much more complex problem What is needed is a holistic productivity system that addresses every aspect of production To implement a productivity system in practice you need more than TQM more that Lean Based on their experience managing and improving production facilities around the world the authors show how there are seven key elements that combine to create a sustainable productivity system Leading Beyond Lean explains how these seven elements work together and how you can set up your own bespoke productivity system like they did As practising managers stb Wetherill and Cattermole have used these techniques and procedures to deliver improvements in both in safety and productivity Helping their sites to become more economically viable evolving from problem sites with uncertain futures into vibrant sites that attract reinvestment and growth They become cleaner safer and better organised and therefore more attractive places to work in This book will help any company any site manager and any production director understand what is needed to set up a lasting productivity system not in theory but in practice and to deliver outstanding results
