Materials Science and Metallurgical Technology III Andrey A. Radionov,2022-02-03 Selected peer reviewed full text papers from the 4th International Russian Conference on Materials Science and Metallurgical Technology RusMetalCon 2021

Intellectual Property in Russia Natalia M. Udalova,Anna S. Vlasova,2021-07-28 Intellectual property rights are essential for a firm s competitive edge and success and form the significant assets for many firms The authors of this book argue that intellectual property is a complex phenomenon which inevitably requires a combination of both economic and legal considerations because the lack of understanding of the mechanisms for the protection and preservation of IP can serve to undermine any of the potential economic benefits The book outlines the opportunities that can be derived from the use of IP in business and also identifies the rules necessary for their implementation It offers a comprehensive systemic research of intellectual property based on the most up to date legislation and cases of IP use in Russia Such an approach will allow readers to fully understand the peculiarities of IP as a special phenomenon of the Russian market There is a good balance between theoretical knowledge and practical implementation and the plain language and unique approach to structuring information make the book accessible and easy to understand It contains a special glossary of terms to facilitate the understanding of the material presented in the book Although the book looks specifically at the Russian case it will have international appeal since intellectual property by its very nature has become a transnational phenomenon Moreover the international regulatory framework provides for the similarity of legal regulation of IP The book will find an audience among researchers concerned with the economics and law of intellectual property as well as policymakers and

practitioners involved in business IP Innovation-Based Development of the Mineral Resources Sector: Challenges and Prospects Vladimir Litvinenko, 2018-10-11 Innovation Based Development of the Mineral Resources Sector Challenges and Prospects contains the contributions presented at the XI Russian German Raw Materials Conference Potsdam Germany 7 8 November 2018 The Russian German Raw Materials Conference is held within the framework of the Permanent Russian German Forum on the Issues of the Use of Raw Materials which has as goals to develop new approaches to effectively use energy mineral and renewable natural resources and to initiate cooperation in the field of sustainability and environmental protection The contributions cover current trends in the development of raw materials markets and the world economy the state of the environment and new technologies applied in the sector effectively responding to modern challenges The 63 accepted papers are grouped into four main sections Mineral exploration and mining Mining services Processing of raw materials Other Innovation Based Development of the Mineral Resources Sector Challenges and Prospects will be of interest to academics and researchers involved in the mineral resources sector but also to professionals in the public foreign trade and education fields and representatives of major corporations and professional associations **Construction Law** Julian Bailey, 2016-07-15 Now in its second edition Construction Law is the standard work of reference for busy construction law practitioners and it will support lawyers in their contentious and non contentious practices worldwide Published in three volumes it is the most comprehensive text on this subject and provides a unique and invaluable comparative multi jurisdictional approach This book has been described by Lord Justice Jackson as a tour de force and by His Honour Humphrey Lloyd QC as seminal and definitive This new edition builds on that strong foundation and has been fully updated to include extensive references to very latest case law as well as changes to statutes and regulations The laws of Hong Kong and Singapore are also now covered in detail in addition to those of England and Australia Practitioners as well as interested academics and post graduate students will all find this book to be an invaluable guide to the many facets of construction law
