

# AP LIT JULIUS CAESAR CLOSE READING ACT 2

Name: \_\_\_\_\_

## Close Reading Act 2

II:

1. Who are the six conspirators? Who is now leading them? How do you know?

2. Brutus convinces the conspirators to spare two people. Who are they? What is his reasoning for each?

3. Examine Portia's anxiety. What is she anxious about? What kind of mood does this create?

**Defining Shakespeare** MacDonald Pairman Jackson, 2003 That very great play Pericles as T S Eliot called it poses formidable problems of text and authorship The first of the Late Romances it was ascribed to Shakespeare when printed in a quarto of 1609 but was not included in the First Folio 1623 collection of his plays This book examines rival theories about the quarto s origins and offers compelling evidence that Pericles is the product of collaboration between Shakespeare and the minor dramatist George Wilkins who was responsible for the first two acts and for portions of the brothel scenes in Act 4 Pericles serves as a test case for methodologies that seek to define the limits of the Shakespeare canon and to identify co authors A wide range of metrical lexical and other data is

analysed Computerized stylometric texts are explained and their findings assessed A concluding chapter introduces a new technique that has the potential to answer many of the remaining questions of attribution associated with Shakespeare and his contemporaries      *The SAGE Encyclopedia of Communication Research Methods* Mike Allen, 2017-04-11 Communication research is evolving and changing in a world of online journals open access and new ways of obtaining data and conducting experiments via the Internet Although there are generic encyclopedias describing basic social science research methodologies in general until now there has been no comprehensive A to Z reference work exploring methods specific to communication and media studies Our entries authored by key figures in the field focus on special considerations when applied specifically to communication research accompanied by engaging examples from the literature of communication journalism and media studies Entries cover every step of the research process from the creative development of research topics and questions to literature reviews selection of best methods whether quantitative qualitative or mixed for analyzing research results and publishing research findings whether in traditional media or via new media outlets In addition to expected entries covering the basics of theories and methods traditionally used in communication research other entries discuss important trends influencing the future of that research including contemporary practical issues students will face in communication professions the influences of globalization on research use of new recording technologies in fieldwork and the challenges and opportunities related to studying online multi media environments Email texting cellphone video and blogging are shown not only as topics of research but also as means of collecting and analyzing data Still other entries delve into considerations of accountability copyright confidentiality data ownership and security privacy and other aspects of conducting an ethical research program Features 652 signed entries are contained in an authoritative work spanning four volumes available in choice of electronic or print formats Although organized A to Z front matter includes a Reader's Guide grouping entries thematically to help students interested in a specific aspect of communication research to more easily locate directly related entries Back matter includes a Chronology of the development of the field of communication research a Resource Guide to classic books journals and associations a Glossary introducing the terminology of the field and a detailed Index Entries conclude with References Further Readings and Cross References to related entries to guide students further in their research journeys The Index Reader's Guide themes and Cross References combine to provide robust search and browse in the e version      **Freedom of Speech and the Press** Ian C. Friedman, 2009 American democracy owes much to the rights guaranteed to individuals in the U S Constitution and specifically in its first 10 amendments known as the Bill of Rights Each book in the new six volume American Rights set provides the history of a specific right or rights from the right to vote to the right to bear arms The volumes begin with brief colonial history discussing the war fought by American Revolutionaries to gain independence from Great Britain and their opportunity to decide what rights every American should possess Coverage also includes later and ongoing struggles by groups such as women and people of color to gain these rights

both in law and in practice Students will learn to appreciate the value of these rights by reading of the battles fought to secure them and in some cases by learning of their relative rarity around the world Graphs maps photographs and box features enhance the lively and accessible narrative calling out important details and bringing this exciting material to life Providing a wealth of information American Rights is a thought provoking must have set perfect for the young readers of today
