Les Trois Dames De La Kasbah:

Eastern Voyages, Western Visions Margaret Topping, 2004 This collection of interdisciplinary essays explores the range of French and francophone encounters with the East from the medieval period to the present day book cover *French Orientalist Literature in Algeria, 1845-1882* Sage Goellner, 2018-03-06 This book applies the growing theoretical field of hauntology to a body of literature which has previously been examined through the lenses of Orientalism and exoticism Through a chronological study and close readings of the writings of Théophile Gautier Eugène Fromentin Gustave Flaubert and Pierre Loti the project identifies haunting echoes within the texts which demonstrate an ambivalence of attitudes towards colonialism and which undermine any claim towards a monolithic imperialist French ideology Whereas hauntological theory has been used to illuminate literature from the Francophone post colonial period it has not yet been applied to texts produced during the French colonial period The originality of this project thus lies in the application of Derridean hauntological theory to works from an earlier period each of which in one way or another addresses the theme of colonial violence By revisiting four classic works of colonial Orientalism with haunting as a principal theme this analysis provides a critical witnessing of France's violent colonization of Algeria that demonstrates France's latent anxieties about the colonial project at the time Le Trésor Du Bibliophile Romantique Et Moderne, 1801-1875: Éditions originales, A à K Léopold Carteret, 1925 **Men and Women of the Time** Victor Plarr, 1895 **Who's who** Henry Robert Addison, Charles Henry Oakes, William John Lawson, Douglas Brooke Wheelton Sladen, 1905 An annual biographical dictionary with which is incorporated Men and women of the time **Madame Chrysanthème** Pierre Loti, 2025-08-15 Reproduction of the original The Antigone publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Torture and the Twilight of Empire** Marnia Lazreg, 2016-12-13 Torture and the Twilight of Empire looks at the intimate relationship between torture and colonial domination through a close examination of the French army's coercive tactics during the Algerian war from 1954 to 1962 By tracing the psychological cultural and political meanings of torture at the end of the French empire Marnia Lazreg also sheds new light on the United States and its recourse to torture in Iraq and Afghanistan This book is nothing less than an anatomy of torture its methods justifications functions and consequences Drawing extensively from archives confessions by former torturers interviews with former soldiers and war diaries as well as writings by Jean Paul Sartre Albert Camus and others Lazreg argues that occupying nations justify their systematic use of torture as a regrettable but necessary means of saving Western civilization from those who challenge their rule She shows how torture was central to guerilla revolutionnaire a French theory of modern warfare that called for total war against the subject population and which informed a pacification strategy founded on brutal psychological techniques borrowed from totalitarian movements Lazreg seeks to understand torture's impact on the Algerian population especially women and also on the French troops who became their

torturers She explores the roles Christianity and Islam played in rationalizing these acts and the ways in which torture became not only routine but even acceptable Written by a preeminent historical sociologist *Torture and the Twilight of Empire* holds particularly disturbing lessons for us today as we carry out the War on Terror Modern French Literature Benjamin Willis Wells,1896 **American Book Prices Current** ,1925 A record of literary properties sold at auction in the United States *Essential Novelists - Pierre Loti* August Nemo,Pierre Loti,2020-05-08 Welcome to the Essential Novelists book series we present to you the best works of remarkable authors For this book the literary critic August Nemo has chosen the two most important and meaningful novels of Pierre Loti which are *Madame Chrysanthème* and *The Story of a Child* Novels selected for this book *Madame Chrysanthème* *The Story of a Child* This is one of many books in the series Essential Novelists If you liked this book look for the other titles in the series we are sure you will like some of the authors *Sale Catalogues* American Art Association, Anderson Galleries (Firm),inc American art association Aderson galleries,1917 Catalogue of Rare Books Comprising the Valuable Library of the Late Col.
