Moore,2010-04-15 In *Black Rage in New Orleans* Moore traces the shocking history of police corruption in the Crescent City from World War II to Hurricane Katrina and the concurrent rise of a large and energized black opposition to it Moore explores a staggering array of NOPD abuses police homicides sexual violence against women racial profiling and complicity in drug deals prostitution rings burglaries protection schemes and gun smuggling and the increasingly vociferous calls for reform by the city s black community The first book length study of police brutality and African American protest in a major American city *Black Rage in New Orleans* will prove essential for anyone interested in race relations in America s urban centers **Selective Justice My Legacy** Roy Chauvin,2023-09-07 Throughout life most people have to struggle with making decisions These decisions not only involve the individual making the decision but also his family and in some cases the public The life of a law enforcement officer involves all three This burden is often stressful taxing one s conscience to the breaking point The individual has to rely on his family background and values instilled in him throughout his life A strong faith driving the belief that all has to be fair and honest is viewed as an idealistic approach in which everyone strives toward in making these decisions To truly adopt this fairness honesty and justice philosophy in your life s decisions is extremely difficult in today s world The tug of war of emotions pulls at one s conscience to make the right decision Many choose to prostitute their convictions for their jobs money status and power rationalizing their decisions for personal gain leaving humanity in ashes As a law enforcement officer his daily decisions directly affect his fellow man This burden is self inflicted by the individual to do the right thing or to go along with the good old boy attitude The latter accomplishes nothing and is actually looked down upon by the honest public The people truly want someone they can trust to carry out this honesty and justice philosophy however the public has no clue about the sacrifices one has to make in order to

achieve these goals For one to fulfill his mission of striving for fairness and honesty he has to be a slave of his convictions At seventy three the winter of my life I often question my life s path However not only can I not change it nor would I want to I still encounter those negative people who condemned me for my stand for justice There is nothing I can say to change their minds which embraces corruption as a badge of honor rather than dishonor The silent majority hang their heads in disgust not realizing they have the power to change if they just stand up and fight The reader of the book must evaluate whether or not the main character of the book was in fact dedicated to his convictions By infusing the Diary of Corruption into the book poses to the reader a decision making process in which he decides whether the diary is proof that corruption exists or this is just the way it is and no one can change these practices The actual diaries represent twenty seven years of entries documenting the author s daily life in law enforcement The author of this book does not seek the approval of his life s path but rather poses the question What would you do if you were in his shoes Walk the walk and talk the talk or be silent because it is too costly Fairness Honesty Justice for all I hope 1 1
