Storm chasers

North America is famous for its wide open spaces, and this landscape can cause some very exciting weather. In fact, the USA has more tornadoes than any other country – there are about 1,200 every year in a part of the country called 'Tornado Alley'. ¹ ____ It's also in this area that there are hundreds of people studying the weather. They are just normal people, but their favourite activity is following storms and getting as close as possible to a tornado! We call these people 'storm chasers', and it's quite easy to become a storm chaser these days. All you need is a mobile phone, a good car and GPS.

Gabe Matthews is a storm chaser, and he follows the weather as often as possible. 'Seeing a powerful tornado is an amazing experience,' says Gabe, 'but it isn't easy to be in the right place at the right time.' ² ____ 'When we know that a big tornado is coming, we have to drive a long way. Then we have to wait for ages before we see the weather changing. But when that starts to happen, it's so exciting.'

Many people become storm chasers because they like the danger. But Gabe is always very careful. ³ ____ 'Once I saw cars flying through the air,' says Gabe, 'and a big American truck! That was really exciting, but we watched it from far enough away. You don't want those cars to hit you!'

Another reason people chase storms is to film them. A news channel recently used one of Gabe's films. 'That film was exciting because it was a strong storm and it caused a lot of damage. It was great to get it on TV.' ⁴ ____ 'My friends and I heard screams when we were filming. We followed the sound and found some people inside a building. They couldn't get out, so they were very relieved when we rescued them. It was great to help people like that.'

Perhaps you have to be a little crazy to be a storm chaser. Certainly, some people say that storm chasers just want to do something thrilling. ⁵ ____ So actually, they often save lives.

- A Once, Gabe had to go to hospital because he got too close.
- B However, Gabe was even prouder of something else that he did.
- C More people are interested in the weather in other countries.
- D This is in the centre, from North Dakota in the north to Texas and Louisiana in the south.
- E But they're often the first on the scene, giving important information to the rescue services.
- F He tries to get close to the centre of the tornado, but not too close.
- G My friends and I need to do a lot of work to find a tornado and get to it.
