example can inspire other young people the world over Each of the ten chapters open with a memorable quote from renowned authors in different fields The book focuses particularly on inspiring issues such as that everyone is born with a star that they have a duty to make shine how to deal with challenges that sometimes come in torrential abundance the edifying importance of community engagement as well as mentorship as a way of elevating young people who want to make it in life The Obama in You equally examines issues relating to the craving for competence branding as a propelling factor for prospective achievers seizing the opportunity of the moment in order to succeed giving back to the community as a way of touching the lives of others and in turn receiving the blessing of the people and sowing the right seed for a future bumper harvest To develop these themes and succinctly put across my message I drew amply from my experiences and those of Obama In fact writing about myself I brought out many facts from the days of my childhood to the present day all of which constitute biographical elements but do not reduce The Obama in You to a biographical work My story as recounted in this book would not be complete if I did not mention some of the people who have touched and uplifted me both in my country and elsewhere as I continue to trace my steps in the arduous but exciting journey of life Of course Obama is one of them This book is an homage to all these amazing persons It is my fervent hope that after reading it mentors and potential mentors will see the need to or continue to lend a helping hand to the younger generation especially those who aspire to higher heights and who won't hesitate to steep themselves in activities that will make them grow and cause their stars to shine brilliantly
