

MANUAL OR MOTORIZED

WHAT TYPE OF TREADMILL SHOULD YOU USE?

With so many options to choose from, but only some much space in a home gym, every decision has to count. However, there are two types of treadmills that can have a major impact on your workout style:
manual and motorized.

Manual Treadmill

For someone looking to start running, build endurance, and practice **high intensity** interval training.

Motorized Treadmill

For someone that finds maintained speed, feature-packed setups, and **long-distance** exercise more appealing.
