One of the opportunities that Amazon has is to expand its physical store

opportunity is a potential factor towards the establishment of a stronger presence
physical stores as an addition to the existing Amazon Go stores. Also, the company has an
opportunity to expand in developing markets. The move is proactive for developing markets to
establish its presence and give the company a stronger competitive edge. Moreover, Amazon has
an opportunity to form a new partnership with other firms, especially those in developing
markets.

The first thing being Amazon as small is irrelevant. Being an e-commerce business,

ness are mostly online and that poses a security and integrity threat from China, the company faces the threat of competition from other firms such as Amazon and Google. Finally, Amazon also faces a threat of business model and product theft, as customers can easily be enticed and potentially reduce Amazon's market value.

Common, Incisibility, and Organization (VICO) is employed to assess the situation (Fisher et al., 2000). Essentially, the model portrays the situation inside a reflecting its components across the four dimensions.

It is in 2019 annual report Amazon has a large distribution network (Amazon). In the retail industry, the company's distribution network is unmatched by a terms of resources and capabilities of distribution. Mostly, the company's global success is due to the large amount of several fulfillment centers, which allow the company to directly reach millions of sellers with millions of consumers. The strong local and global distribution network drives most of the company's sales and profits, making it a key part of the organization. Also, the delivery network is sustainable given that none of the competitors has the resource and capabilities of achieving a similar distribution network. The ability of other companies to afford such a delivery network makes it rare.
