

13. In the following question consists of a set of three figures X, Y and Z showing a sequence of folding of a piece of paper. Figure (Z) shows the manner in which the folded paper has been cut. These three figures are followed by four answer figures from which you have to choose a figure which would most closely resemble the unfolded form of figure (Z).

14. In the following question, group the given figures into three classes using each figure only once.

figures marked (1), (2), (3) and (4), select the one which satisfies the same conditions of placement of the dot as in figure (X).

18. In the following question, there is a relationship between the two figures on the left of the sign (::). The same relationship exists between the two to the right of the sign (::), of which one is missing. Find the missing one from the alternatives.
