Police Integrity in South Africa Sanja Kutnjak Ivkovich, Adri Sauerman, 2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement In 1994 as the country s apartheid system was replaced with a democratic order the new government faced the significant challenge of transforming the South African police force into a democratic police agency the South African Police Service SAPS that would provide unbiased policing to all the country s people More than two decades since the initiation of the reforms it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity This book offers a unique perspective by providing in depth analyses of police integrity in South Africa It is a case

study that systematically and empirically explores the contours of police integrity in a young democracy Using the organizational theory of police integrity the book analyzes the complex set of historical legal political social and economic circumstances shaping police integrity A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers probing their familiarity with official rules their expectations of discipline within the SAPS and their willingness to report misconduct The book also examines the influence of the respondents race gender and supervisory status on police integrity Written in a clear and direct style this book will appeal to students and scholars of criminology policing sociology political science as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations **Intelligence in Vex** Musa Khan

Jalalzai,2018-11-29 Most discussions on electronic media and intellectual forums about the effects of globalization on national security focus on violent threats Notwithstanding the plethora of books journals and research papers on national and international security there is an iota research work on issue of interconnectedness The interconnectedness of violent threats and their mounting effect pose grave dangers to the aptitude of a state to professionally secure its territorial integrity Technological evolution and aggrandized interlinkage of our world in general and specifically information technology has affected people and society in different ways Daily life of every man and woman has become influenced by these challenges The twenty first century appeared with different class of National Security threats After the first decade world leaders research scholars journalists politicians and security experts grasped that the world has become the most dangerous place The avoidance of war was the primary objective of superpowers but with the end of the Cold War emergence of Takfiri Jihadism extremism and terrorism prompted many unmatched challenges Home grown extremism and radicalization continues to expose a significant threat to the National Security of the EU and Britain The risks from state based threats have both grown and diversified The unmethodical and impulsive use of a military grade nerve agent on British soil is the worse unlawful act of bioterrorists **Privacy and Criminal Justice** Daniel Marshall,Terry Thomas,2017-11-24

This book offers a comparison of the differences between the public and private spheres and questions the need for law enforcement to intrude upon both Beginning with the origins of the concept of privacy before addressing more current thinking the authors examine the notion of privacy and policing using both direct e g stop and search methods and technological interventions e g telephone interceptions and Automatic Number Plate Recognition cameras privacy in the space of the court looking at what restrictions are placed on press reporting as well as considering whether the open court ensures fair trials Particular forms of offending and privacy are also considered anonymity for sexual offence defendants for example or weighing the terrorist s right to privacy against the safety and security of the general public A timely discussion into the right to privacy in prison and during community sentences is also included and Marshall and Thomas offer convin cing analysis on the importance of rehabilitation giving consideration to police registers and the storage and maintenance of criminal records by the police and

their possible future use A diverse investigation into the many facets of privacy this volume will hold broad appeal for scholars and students of terrorism security and human rights **Forensic Face Matching** Markus Bindemann,2021-01-07 In everyday life we identify faces regularly and seemingly with great ease One might assume this to be a straightforward and highly accurate task However we are poor at identifying the faces of unfamiliar people who we have never met before despite the fact that many important everyday tasks depend on this Forensic face matching requires the comparison of two face photographs of a person who is not known to the observer This seemingly simple task is critical for a wide range of security tasks such as person identification at airports and borders passport issuance and renewal and criminal identification in police investigations Despite its ubiquity face matching is highly prone to error even under conditions that are designed to maximally facilitate this task For this reason face matching has been studied extensively in Psychology with the bulk of the research conducted since 2010 Forensic face Matching provides readers with a wide ranging detailed and critical overview of facial comparison and face matching providing insights into its application efficacy and limitations in occupational settings and of current scientific knowledge of this task The Anthropology of Sport Niko Besnier,Susan Brownell,Thomas F. Carter,2017-12-08 Few activities bring together physicality emotions politics money and morality as dramatically as sport In Brazil s stadiums or China s parks on Cuba s baseball diamonds or Fiji s rugby fields human beings test their physical limits invest emotional energy bet money perform witchcraft and ingest substances Sport is a microcosm of what life is about The Anthropology of Sport explores how sport both shapes and is shaped by the social cultural political and historical contexts in which we live Core themes discussed in this book include the body modernity nationalism the state citizenship transnationalism globalization and gender and sexuality Criminal Justice and Regulation Revisited Lennon Y.C. Chang,Russell Brewer,2018-05-08 This volume brings together leading researchers to celebrate the significant contributions of Peter Grabosky to the field of Criminology and in particular his work developing and adapting regulatory theory to the study of policing and security Over the past three decades his path breaking theoretical and empirical research has contributed to a burgeoning literature on the myriad ways regulatory systems drive state and non state interactions in an effort to control crime This collection of essays showcases Grabosky s pioneering treatment of key regulatory concepts as they relate to such interactions and illustrate how his work has been instrumental in shaping contemporary scholarship and practice around the governance of security Revisiting the work of a key figure in the field this book will be of interest to criminologists sociologists socio legal studies and those engaged with security and policy studies **Cobbett's Parliamentary Debates** Great Britain.
