when two friends gave up promising medical careers to embark upon a journey which few hardened truckers would have considered. In so doing they were solely responsible for creating the first long haul overland route across Europe and deep into the Middle East to Kabul. The men had started the Middle East Run, which was to become a phenomenon in the road haulage industry, an image which it still holds today. This book is about the company founded by one of those men from its fledgling days as Asian Transport to the thriving Astran Cargo Services Ltd that it is today. In this book Ashley Coghill documents the complete history of the company to date with the focus predominantly on the early days when the men were fighting for something and revelling in the adventure. These early long haul drivers would think nothing of a 10 000 mile round trip to Iran or the Arabian Gulf and being stranded at 6 000 feet on a mountain pass with temperatures below 40 was just all in a day's work. Ashley Coghill has an immense enthusiasm for his subject and has given his research total dedication. He has also tracked down past and present employees to gather first hand information which he has illustrated with over 300 carefully selected images. The end result is a detailed comprehensive and fascinating account of an extraordinary company.

Where's Sharawrah?: A Truck Driver's Adventure Across the Arabian Desert Gordon Pearce, 2015-09-03 Three articulated trucks load in Jeddah, Saudi Arabia: two Volvo 4X2 European road artics and a Mercedes 6X6 desert artic. Their destination is Sharawrah somewhere south of The Empty Quarter. Seven days to travel a thousand kilometers, a third of which are open desert. Seven days that will turn into seventy. This is the true story of Gordon Pearce, an English truck driver determined to get the job done. With the help of Bedouins, he crossed three hundred kilometers of unpredictable desert in the height of the summer of 1978. Aside from the physical challenges, he also has to battle bureaucracy and begins to dread hearing the word *bukkera* tomorrow. Told in an ironic, modest style and illustrated with photos from that time, *Where's Sharawrah?* is a captivating book for vehicle enthusiasts and anyone who is passionate about truck adventures.

Starks' Harvesters Robert S. White, 2019-10-01 For Rob and Charlie, this was the start of memorable years driving Massey Ferguson combines the length and breadth of the American wheat belt. This is Rob's story, a vivid account of endless hours of work, rattlesnakes, truck wrecks, summer lightning, tornados, favourite bars and the honeys at the grain elevators. Rob went on to do five years harvesting with Dale Starks, who comes to life in these pages with all his wisdom and cussedness. This is the man who starred in *Yellow Trail* from Texas, the BBC documentary that first inspired Rob and Charlie to make the trip. In England, Rob was working as an agricultural contractor. For him, machines and harvesting were more than a way of life; they were a passion.

This enthusiasm which brought Rob long lasting friendships from his American days illuminates every page of his book
