Strategic Intuition William Duggan, 2013-06-18 How Aha really happens When do you get your best ideas You probably answer At night or In the shower or Stuck in traffic You get a flash of insight Things come together in your mind You connect the dots You say to yourself Aha I see what to do Brain science now reveals how these flashes of insight happen It s a special form of intuition We call it strategic intuition because it gives you an idea for action a strategy Brain science tells us there are three kinds of intuition ordinary expert and strategic Ordinary intuition is just a feeling a gut instinct Expert intuition is snap judgments when you instantly recognize something familiar the way a tennis pro knows where the ball will go from the arc and speed of the opponent s racket Malcolm Gladwell wrote about this kind of intuition in Blink The third kind strategic intuition is not a vague feeling like ordinary intuition Strategic intuition is a clear thought And it s not fast like expert intuition It s slow That flash of insight you had last night might solve a problem that s been on your mind for a month And it doesn t happen in familiar situations like a tennis match Strategic intuition works in new situations That s when you need it most Everyone knows you need creative thinking or entrepreneurial thinking or innovative thinking or strategic thinking to succeed in the modern world All these kinds of thinking happen through flashes of insight strategic intuition And now that we know how it works you can learn to do it better That s what this book is about Over the past ten years William Duggan has conducted pioneering research on strategic intuition and for the past three years has taught a popular course at Columbia Business School on the subject He now gives us this eye opening book that shows how strategic intuition lies at the heart of great achievements throughout human history the scientific and computer revolutions women s suffrage the civil rights movement modern art microfinance in poor countries and more Considering the achievements of people and organizations from Bill Gates to Google Copernicus to Martin Luther King Picasso to Patton you ll never think the same way about strategy again Three kinds of strategic ideas apply to human achievement Strategic analysis where you study the situation you face Strategic intuition where you get a creative idea for what to do Strategic planning where you work out the details of how to do it There is no shortage of books about strategic analysis and strategic planning This new book by William Duggan is the first full treatment of strategic intuition It s the missing piece of the strategy puzzle that makes essential reading for anyone interested in achieving more in any field of human endeavor

Napoleon Munro Price, 2014 Napoleon The End of Glory tells the story of the dramatic two years that led to Napoleon s abdication in April 1814 Though crucial to European history they remain strangely neglected lying between the two much better known landmarks of the retreat from Moscow and the battle of Waterloo Yet this short period saw both Napoleon s loss of his European empire and of his control over France itself In 1813 the massive battle of Leipzig the bloodiest in modern history before the first day of the Somme forced his armies back to the Rhine The next year after a brilliant campaign against overwhelming odds Napoleon was forced to abdicate and exiled to Elba He regained his throne the following year for just a hundred days in a doomed adventure whose defeat at
