## **Employee Guidelines Handbook:**

**How to Develop an Employee Handbook** Joseph W. R. Lawson, 2006-10-22 One of a company's most important communication tools is the employee handbook. But creating or revising one can be an overwhelming job. It must be legally sound, up to date, clearly written, and comprehensive. This ready-to-use guidebook, now in its second edition, practically writes the handbook by itself. Human resources professionals will appreciate its checklists that guide them every step of the way and make sure all bases are covered; step-by-step instructions that make information easy to understand and help avoid mistakes; more than 400 sample policy statements all in use by actual companies and ready to go as is or to revise as needed; plain English explanations of federal and state regulations with practical suggestions for implementation. *The Employee Handbook*, 1990
