## **Ems November 2014 Memorandum:**

Under the Same Sky Mojgan Shamsalipoor, Milad Jafari, James Knight, 2017-04-26 After fleeing their homeland Australian refugee policies threaten to tear this young couple apart An unforgettable story of love hope and a quest for freedom At seventeen all Mojgan Shamsalipoor wanted was to be safe from physical and sexual abuse go to school and to eventually marry for love In Iran she was denied all of this Milad Jafari was a shy teenage boy who found his voice as a musician But the rap music he loved was illegal in his country All Milad's father a key maker builder and shopkeeper wanted was for his family to live free from the fear of arrest imprisonment or execution To do that they all had to flee Iran Mojgan and Milad met in Australia But in the months between their separate sea voyages the Australian government changed the way asylum seekers were treated Though Milad is recognised as a refugee and will soon become a proud Australian citizen Mojgan has been told she cannot stay here even though the threat of imprisonment and further abuse or worse means she can't return to Iran UNDER THE SAME SKY is a powerful insight into the human face of asylum seekers and the way history has shaped the lives of these two young people It also shows the compassion alive in our suburbs For Mojgan and Milad their love keeps their hopes alive

**Drug Law Enforcement, Policing and Harm Reduction** Matthew Bacon, Jack Spicer, 2022-12-30 The policing of drugs is an intriguing complex and contentious domain that brings into sharp focus the multifaceted nature of the police role and has farreaching consequences for health crime and justice While research on drugs policing has historically been surprisingly sparse fragmented and underdeveloped the field has recently become a burgeoning area of academic study influenced by contemporary trends in policing practices changes in drug policy and wider social movements This book makes a much needed interdisciplinary and international contribution that engages with established and emerging areas of scholarship advances cutting edge debates and sets an agenda for future directions in drugs policing Drug Law Enforcement Policing and Harm Reduction is the first edited collection to devote its attention exclusively to drugs policing It brings together a range of leading scholars to provide a deep and thorough account of the current state of knowledge In addition to academic analysis authors also include serving police officers and policymakers who have influenced how drugs policing is framed and carried out Together the contributors draw on a diverse set of empirical studies and theoretical perspectives with the thread running throughout the book being the concept of harm reduction policing With accounts from various countries localities and contexts topics covered include the in effectiveness and unintended consequences of the war on drugs attempts to reform drugs policing and the role of partnerships and policy networks The broader theme of inequality lies at the heart of this collection An accessible and compelling read this book will be of interest to academics and students of criminology public health and social policy especially those researching policing drug policy and harm reduction It also offers valuable insights and practical guidance for professionals working in the drugs field

**Crypto Wars** Craig Jarvis, 2020-12-30 The crypto wars have raged for half a century In the 1970s digital privacy activists prophesied the

emergence of an Orwellian State made possible by computer mediated mass surveillance The antidote digital encryption The U S government warned encryption would not only prevent surveillance of law abiding citizens but of criminals terrorists and foreign spies ushering in a rival dystopian future Both parties fought to defend the citizenry from what they believed the most perilous threats The government tried to control encryption to preserve its surveillance capabilities privacy activists armed citizens with cryptographic tools and challenged encryption regulations in the courts No clear victor has emerged from the crypto wars Governments have failed to forge a framework to govern the at times conflicting civil liberties of privacy and security in the digital age an age when such liberties have an outsized influence on the citizen State power balance Solving this problem is more urgent than ever Digital privacy will be one of the most important factors in how we architect twenty first century societies its management is paramount to our stewardship of democracy for future generations We must elevate the quality of debate on cryptography on how we govern security and privacy in our technology infused world Failure to end the crypto wars will result in societies sleepwalking into a future where the citizen State power balance is determined by a twentieth century status quo unfit for this century endangering both our privacy and security This book provides a history of the crypto wars with the hope its chronicling sets a foundation for peace *Eastern Mennonite University* Donald B.

Kraybill,2017-09-12 In this unique educational history Donald B Kraybill traces the sociocultural transformation of Eastern Mennonite University from a fledgling separatist school founded by white rural Germanic Mennonites into a world engaged institution populated by many faith traditions cultures and nationalities The founding of Eastern Mennonite School later Eastern Mennonite University in 1917 came at a pivotal time for the Mennonite community Industrialization and scientific discovery were rapidly changing the world and the increasing availability of secular education offered tempting alternatives that threatened the Mennonite way of life In response the Eastern Mennonites founded a school that would uphold the principles of plainness and simplicity where youth could learn the Bible and develop skills that would help advance the church In the latter half of the twentieth century the university s identity evolved from separatism to social engagement in the face of churning moral tides and accelerating technology EMU now defines its mission in terms of service peacebuilding and community Comprehensive and well told by a leading scholar of Anabaptist and Pietist studies this social history of Eastern Mennonite University reveals how the school has mediated modernity while remaining consistently Mennonite A must have for anyone affiliated with EMU it will appeal especially to sociologists and historians of Anabaptist and Pietist studies and higher education

**Budget Tools** Greg G. Chen,Lynne A. Weikart,Daniel W. Williams,2014-11-04 The thoroughly updated and expanded Second Edition of Greg G Chen Lynne A Weikart and Daniel W Williams Budget Tools Financial Methods in the Public Sector brings together scores of exercises that will take students through the process of public budgeting from organizing data through analysis and presentation This thoroughly revised text has been restructured it now has 30 compact modules to focus on individual skills and enhance flexibility and is reorganized to cover more

straightforward skills early in the book and more complex tools later on Using budgets from all levels of government as well as from nonprofit organizations the authors give students the opportunity to work with real budgeting data to cover a range of topics and skills Budget Tools provides instruction in the techniques and implementation of budgeting skills at a granular level to support a wide range of approaches to teaching the subject

**Immigration, Citizenship and Insecurity** Heli Askola, 2025-06-06 Immigration Citizenship and Insecurity An Australian Story explores how Australia's policies on migration and nationality have shaped citizenship and social inclusion The book examines the historical and contemporary intersections of citizenship migration and insecurity analysing key issues such as the prioritisation of economic utility in migration policy cultural expectations placed on newcomers and the role of migrants in political debate It critically assesses Australia's responses to challenges such as demographic ageing cultural diversity and erosion of political authority The impact of emergency measures during the COVID 19 pandemic is also explored revealing the fragility of citizenship protections in times of crisis This book is an essential resource for scholars policy makers and professionals in migration studies political science and public policy as well as anyone interested in the evolving dynamics of citizenship and migration in Australia and beyond

**Streaming and Copyright Law** Lasantha Ariyaratna, 2022-09-05 This book examines the challenges posed to Australian copyright law by streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear whether end user acts of streaming constitute copyright infringement These prevailing grey areas between copyright and streaming often make end users feel doubtful about accessing digital content through streaming It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part Conversely the fair dealing defence in Australia cannot be used aptly to defend end users acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review news reporting parody or satire or research or study When considering a temporary copy exception end users are at risk of being held liable for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content's infringing nature Moreover the grey areas in circumventing geo blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo blocking End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming

websites without being held liable for copyright infringement. Despite the intricacies between copyright and access to digital content, the recently implemented website blocking laws have emboldened copyright owners while suppressing end users' access to digital content. This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions. [Daily Graphic](#) Ransford Tetteh, 2014-09-30

**International Financial Statistics Yearbook, 2014** International Monetary Fund. Statistics Dept., 2014-07-25. This chapter presents a report on International Financial Statistics (IFS). The country tables normally include data on a country's exchange rates, IMF position, international liquidity, monetary statistics, interest rates, prices, production, labor, international transactions, government accounts, national accounts, and population. Selected series including data on Fund accounts, international reserves, and international trade are drawn from the country tables and published in world tables as well. Exchange rates in IFS are classified into three broad categories reflecting the role of the authorities in determining the rates and/or the multiplicity of the exchange rates in a country. In IFS, exchange rates are expressed in time series of national currency units per SDR, the unit of account for the IMF, and national currency units per US dollar or vice versa. The country tables, euro area tables, and world tables provide measures of effective exchange rates compiled by the IMF's Research Department, Strategy Policy and Review Department, Statistics Department, and area departments.

**Emergency Department Compliance Manual, 2016 Edition** Ginsberg, Martin, Kelley, 2016-03-18. Emergency Department Compliance Manual 2016 Edition provides everything you need to stay in compliance with complex emergency department regulations. The list of questions helps you quickly locate specific guidance on difficult legal areas such as: Complying with COBRA, Dealing with psychiatric patients, Negotiating consent requirements, Obtaining reimbursement for ED services, Avoiding employment law problems. Emergency Department Compliance Manual also features first-hand advice from staff members at hospitals that have recently navigated a Joint Commission survey and includes frank and detailed information. Organized by topic, it allows you to readily compare the experiences of different hospitals. Because of the Joint Commission's hospital-wide function-based approach to evaluating compliance, it's been difficult to know specifically what's expected of you in the ED. Emergency Department Compliance Manual includes a concise grid outlining the most recent Joint Commission standards which will help you learn what responsibilities you have for demonstrating compliance. Plus, Emergency Department Compliance Manual includes sample documentation that hospitals across the country have used to show compliance with legal requirements and Joint Commission standards. Age-related competencies, Patient assessment policies and procedures, Consent forms, Advance directives, Policies and protocols, Roles and responsibilities of ED staff, Quality improvement tools, Conscious sedation policies and procedures, Triage referral and discharge policies and procedures, And much more.

*Governing Europe in a Globalizing World* Laurent Warloutzet, 2017-08-16. The complex relationship between globalization and European integration was largely shaped in the 1970s. During this decade, globalization began for the first time to threaten Western European prosperity. Using

an innovative approach the book shows how western Europeans coped with the challenges of globalization during a time of deep economic crisis during the period 1973-1986. It examines the evolution of economic and social policies at the national, European and global level and expands beyond the European Economic Community (EEC) by analysing the various solutions envisaged by European decision makers towards regulating globalization, including the creation of the Single Market. Based on extensively examined archives of transnational actors, international organizations and focusing on the governments of France, Germany and the UK as well as the European Commission, the book uncovers deep, previously unknown economic divisions among these actors and the roles they played in the success of the EEC. This book will be of key interest to students, scholars and practitioners of political science, European studies, history, comparative politics, public policy and economic history.

**Charity Law** Juliet Chevalier-Watts, 2017-09-14. This work provides an analytical and comparative analysis of the development of charity law as well as providing a critical commentary on a number of contemporary changes within the charity law field across a range of common law jurisdictions. The book follows earlier studies which cover a similar and traditional jurisdictional spread but which are now dated. It further considers in detail charity law issues within Hong Kong and Singapore about which there has been historically more limited charity law discussion. The area is growing in terms of practical, legal and academic interest.

**Handbook on Good Treaty Practice** Jill Barrett, Robert Beckman, 2020-03-12. Aims to provide a useful analytical tool and practical guidance on good treaty practice. It will be of interest to those working with treaties and treaty procedures in governments, international organisations and legal practice as well as legal academics and students wishing to gain insight into the realities of treaty practice.

**Handbook of International Trade Agreements** Robert E. Looney, 2018-10-03. International trade has for decades been central to economic growth and improved standards of living for nations and regions worldwide. For most of the advanced countries, trade has raised standards of living while for most emerging economies, growth did not begin until their integration into the global economy. The economic explanation is simple: international trade facilitates specialization, increased efficiency and improved productivity to an extent impossible in closed economies. However, recent years have seen a significant slowdown in global trade and the global system has increasingly come under attack from politicians on the right and on the left. The benefits of open markets, the continuation of international co-operation and the usefulness of multilateral institutions such as the World Trade Organization (WTO), the International Monetary Fund and the World Bank have all been called into question. While globalization has had a broadly positive effect on overall global welfare, it has also been perceived by the public as damaging communities and social classes in the industrialized world, spawning for example Brexit and the US exit from the Trans Pacific Partnership. The purpose of this volume is to examine international and regional preferential trade agreements (PTAs) which offer like-minded countries a possible means to continue receiving the benefits of economic liberalization and expanded trade. What are the strengths and weaknesses of such agreements and how can they sustain growth and prosperity for their members in an ever-challenging

global economic environment The Handbook is divided into two parts The first Global Themes offers analysis of issues including the WTO trade agreements and economic development intellectual property rights security and environmental issues and PTAs and developing countries The second part examines regional and country specific agreements and issues including NAFTA CARICOM CETA the Pacific Alliance the European Union EFTA ECOWAS SADC TTIP RCEP and the TPP now the CPTPP as well as the policies of countries such as Japan and Australia

**House of Commons - European Scrutiny Committee: Twenty-Fifth Report of Session 2013-14 - HC 83-xxii** Great Britain: Parliament: House of Commons: European Scrutiny Committee,2013-12-06

**Thirteenth Report of Session 2012-13** Great Britain: Parliament: House of Commons: European Scrutiny Committee,2012-11-02

**Nazi Crimes against Jews and German Post-War Justice** Edith Raim,2014-12-11 Of all victims of Nazi persecution German Jews had to suffer the Nazi yoke for the longest time Throughout the Third Reich they were exposed to anti Jewish propaganda discrimination anti Semitic laws and increasingly to outrages and offences by non Jewish Germans While the International Military Tribunal and the subsequent American Military Tribunals at Nuremberg dealt with a variety of Nazi crimes according to international law these courts did not consider themselves cognizant in adjudicating wrongdoings against German citizens and those who lost German citizenship based on the so called Nuremberg laws such as Germany s Jews Until recently scholarship failed to explore this task of the German judiciary in more detail Edith Raim fills this gap by showing the extent of the crimes committed against Jews beyond the traditionally known facts and by elucidating how the West German administration of justice was reconstructed under Allied supervision

**The Private Sector's Role in Disasters** Alessandra Jerolleman,Ph.D. Kiefer,2015-10-05 This book examines the role of the private sector in emergency management and how that role is changing through private sector intersections with government government agencies and the public sectors in all phases of emergency management It particularly focuses on the areas in which government regulations and guidelines promote or encourage priv

Regulatory Dilemmas of Suborbital Flight Bartosz Malinowski,2024-12-31 This book addresses legislative challenges faced by national and EU legislators and by the international community in the suborbital flight sector Apart from a few isolated jurisdictions the current state of regulation in the field of suborbital aviation is characterized by legal uncertainty and the risk of arbitrary socially and economically harmful decisions by public administration bodies The importance of suborbital flight regulation which includes exploring and defining its status in international aerospace law EU law and in national legal systems is supported by the development of projects for the use of suborbital vehicles the technological significance of suborbital flight for the development of space activities and consequently for all future human economic activity Successful suborbital flights if they ensure the recovery and reuse of the launch vehicle support low cost vehicle development programs They allow easier verification of how the vehicle and its subsystems operate under flight conditions yielding insights that can be used in future

orbital vehicles This reduces the financial risks and in the case of manned flights increases the safety of the participants Suborbital rockets also provide a platform for microgravity research studying the upper layers of the atmosphere Earth's magnetic field and solar physics as well as a test platform for satellite equipment space tourism and potential rapid high altitude transport between two locations on the surface

## Unveiling the Magic of Words: A Review of "**Ems November 2014 Memorandum**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Ems November 2014 Memorandum**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
