Lenin and Philosophy and Other Essays Louis Althusser, 2001-11-13 No figure among the western Marxist theoreticians has loomed larger in the postwar period than Louis Althusser A rebel against the Catholic tradition in which he was raised Althusser studied philosophy and later joined both the faculty of the Ecole normale suprieure and the French Communist Party in 1948 Viewed as a structuralist Marxist Althusser was as much admired for his independence of intellect as he was for his rigorous defense of Marx The latter was best illustrated in For Marx 1965 and Reading Capital 1968 These works along with Lenin and Philosophy 1971 had an enormous influence on the New Left of the 1960s and continues to influence modern Marxist scholarship This classic work which to date has sold more than 30 000 copies covers the range of Louis Althusser s interests and contributions in philosophy economics psychology aesthetics and political science Marx in Althusser s view was subject in his earlier writings to the ruling ideology of his day Thus for Althusser the interpretation of Marx involves a repudiation of all efforts to draw from Marx s early writings a view of Marx as a humanist and historicist Lenin and Philosophy also contains Althusser s essay on Lenin s study of Hegel a major essay on the state Ideology and Ideological State Apparatuses Freud and Lacan A letter on Art in Reply to Andr Daspre and Cremonini Painter of the Abstract The book opens with a 1968 interview in which Althusser discusses his personal political and intellectual history Solitude de Machiavel Louis Althusser, Yves Sintomer, 1998 Solitude de Machiavel et autres textes rassemble l essentiel des principaux articles qu Althusser a publi s de son vivant Cette dition critique marque un nouveau moment dans la red couverte d un auteur qui passa de la c l brit au quasi oubli en l espace d une d cennie Le recueil met l accent sur les pi ces les plus ouvertes d une pens e qui marque en profondeur la philosophie politique entre le milieu des ann es 50 et la fin des ann es 70 et sans laquelle on ne saurait comprendre ce qui s est jou th oriquement en France cette poque On y retrouve des essais c l bres mais depuis longtemps introuvables dans lesquels Althusser livre des analyses originales sur Locke Rousseau Marx Spinoza ou Machiavel En suivant attentivement les coh rences et les d calages du raisonnement de ces classiques Althusser revient

Throughout the course of the twentieth century communism has enjoyed direct competition with all other governmental and economic systems Often communist countries produced their own special brand of party intellectual These figures rightly occupied their place within their own national context and within the context of the International Some communist intellectuals through the high level of erudition exhibited in their writing have received a wider reception despite their direct linkage to party politics e g Antonio Gramsci Georg Lukacs and Victor Serge are good examples After 1956 when Krushchev exposed Stalin s atrocities to the Twentieth Congress of the Communist Party of the Soviet Union and as a result to the entire world Marxist philosophy was widely discredited It had been assumed that Stalin s excesses were somehow encouraged or supported through Marx s thought When in the mid 1960s Louis Althusser first offered his re readings of Marx s philosophy it and communist political practice were in ruin However Althusser was in a unique cultural and historical position Thinking and writing concomitant with the structuralists and poststructuralists in France and also having access to certain theoretical tools while simultaneously committing himself entirely to Marxist thought Althusser was conceivably the last of his tradition He was a Marxist philosopher who unlike Sartre at the end of his life did not abandon communism to for instance existentialism In *Louis Althusser and the Traditions of French Marxism* William Lewis gives readers a striking example of intellectual biography and critical theory His approach considering the work and life of Althusser within French Marxism and French intellectual culture fills a void in contemporary scholarship But much more importantly Lewis is able to show how Althusser s thought is the result of and a response to specific French intellectual and political traditions of reading Marx It is through this combination of concerns **The Spectre of Hegel** Fran ois Matheron, Louis Althusser, 2014-01-07 Louis Althusser is remembered today as the scourge of humanist Marxism but that was his later incarnation an identity formed by years grappling with the intellectual inheritance of Hegel and Catholicism *The Spectre of Hegel* collects the writings of the young Althusser before his final epistemological break with the philosopher s work in 1953 *The Spectre of Hegel* gives a

unique insight into Althusser's engagement with a philosophy he would later renounce Louis Althusser, What is to be Done? Louis Althusser, 2020-10-06 What is to be done This was the question asked by Lenin in 1901 when he was having doubts about the revolutionary capabilities of the Russian working class 77 years later Louis Althusser asked the same question Faced with the tidal wave of May 68 and the recurrent hostility of the Communist Party towards the protests he wanted to offer readers a succinct guide for the revolution to come Lively brilliant and engaged this short text is wholly oriented towards one objective to organise the working class struggle Althusser provides a sharp critique of Antonio Gramsci's writings and of Eurocommunism which seduced various Marxists at the time But this book is above all the opportunity for Althusser to state what he had not succeeded in articulating elsewhere what concrete conditions would need to be satisfied before the revolution could take place Left unfinished it is published here in English for the first time *Que faire ?* Louis Althusser, 2018-09-19 T00:00:00+02:00 *Que faire* Telle tait la question que se posa L. n. en 1901 alors qu'il prouvait des doutes sur la capacité révolutionnaire du monde ouvrier russe Soixante dix sept ans plus tard Louis Althusser décide de se l'adresser aussi Confronté au reflux de Mai 68 et aux renoncements successifs du Parti communiste il souhaite offrir ses lecteurs un bref vade mecum pour la révolution venir Un vade mecum ramassé et tranchant brillant et nerveux tout entier tourné vers un objectif parvenir organiser la lutte de la classe populaire de telle sorte qu'elle puisse l'emporter sur la classe bourgeoise Pour Althusser c'est l'occasion d'une critique virtuose des écrits d'Antonio Gramsci et de l'eurocommunisme qui séduisent alors de nombreux marxistes Mais c'est surtout l'opportunité de tenter de dire en quelques pages ce qu'il n'avait pas réussi à noncer ailleurs quelles conditions concrètes faut-il satisfaire pour qu'enfin la révolution ait lieu Laissé inachevé il est publié pour la première fois **Althusser philosophe** Pierre Raymond, 1997 *Machiavelli and Us* Louis Althusser, 2011-01-10 We do not publish our own drafts that is our own mistakes but we do sometimes publish other people's Louis Althusser once observed of Marx's early writings Among his own posthumously released drafts one at least is incontestably neither mistake nor outtake the text of his lecture course on Machiavelli originally delivered at the École Normale Supérieure in 1972 intermittently revised up to the mid 1980s and carefully prepared for publication after his death in 1990 Though only appearing as an occasional reference in the Marxist philosopher's oeuvre Machiavelli was an unseen constant presence For together with Spinoza and Marx Machiavelli was a veritable Althusserian passion Machiavelli and Us reveals why and will be welcomed for the light it sheds on the richly complex thought of its author *Letters to Franca (1961-1972)* Louis Althusser, 2025-02-20 Letters to Franca offers an extensive selection from the 500 or so extraordinary letters Louis Althusser addressed to Franca Madonia between 1961 and 1972 the most productive period in Althusser's life and the time when his most characteristic works were being elaborated and first received This correspondence allows therefore a unique insight into Althusser's theoretical and political trajectory giving an intimate account of the establishment of Althusserian Marxism and the intellectual historical and institutional milieu within which it came to prominence It also charts the singular story of

Althusser's relationship with Franca whom he encountered in 1961 and who became his lover intellectual confidante and Italian translator the letters thus have a quasi novelistic dimension and afford a gripping vision of a remarkable couple the chronicle of a passion Their correspondence consequently exhibits an exceptionally diverse tonal range alternately analytical lyrical ludic and sombre displaying an investment in language and expression barely suggested by Althusser's previously published work At once the diary of an intellectual political existence and the narrative of a coup de foudre these letters also uniquely provide an astonishingly self reflexive account of Althusser's experience of manic depression inviting the reader to witness its sometimes exhilarating sometimes devastating effects upon his private and public being Featuring an extensive record of Althusser's long term engagement with the thought and practice of psychoanalysis Letters to Franca bids the reader here and throughout to accompany Althusser on a fascinating journey between theory and life **Écrits**

philosophiques et politiques Louis Althusser, 2001 Les écrits publiés dans ce volume appartiennent tous à la période de maturité de Louis Althusser dont la richesse ne se réduit pas aux ouvrages qui l'ont rendu célèbre Althusser fut ainsi un prodigieux lecteur des classiques de la philosophie Travail de toute une vie Machiavel et nous qui ouvre ce recueil est sans conteste une de ses œuvres maîtresses Il est suivi d'un texte sur Feuerbach où se dévoile un même principe une philosophie ne vaut que par les espaces qu'elle ouvre La seconde partie de ce livre est consacrée à l'un des grands objectifs d'Althusser construire une définition de la philosophie Elle propose un état de réflexion en 1967-1968 avec son cinquième Cours de philosophie pour scientifiques et un ensemble de notes philosophiques où l'on peut voir une pensée la recherche d'elle-même Un troisième ensemble met en évidence l'agitateur politique en philosophie qu'Althusser se plaisait à être On y trouve notamment une conférence sur la conjoncture philosophique et une longue mise au point sur La Querelle de l'humanisme Les écrits sur l'art confirment enfin la place du théâtre dans le travail théorique de Louis Althusser tandis que ses textes sur la peinture rayonnent du bonheur de la liberté **Politics and History** Louis Althusser, 2020-05-05 In the first two essays of this book

Louis Althusser analyses the work of two of the greatest thinkers of the Enlightenment Montesquieu and Rousseau He shows that although they made considerable advances towards establishing a science of politics particularly in comparison with the theorists of natural law they nevertheless remained the victims of the ideologies of their day and class Montesquieu accepted as given the political notions current in French absolutism Rousseau attempted to impose by moral conversion an already outdated mode of production The third essay examines Marx's relationship to Hegel and elaborates on the discussions of this theme in Althusser's earlier books For Marx and Lenin and Philosophy Althusser argues that Marx was able to establish a theory of historical materialism and the possibility of a Marxist philosophy of dialectical materialism not simply by turning his back on Hegel but by extracting and converting certain categories from Hegel's Logic and applying them to English political economy and French socialist political theory **Louis Althusser (1918-1990)**, 1991 **Réponse à John Lewis** Louis

Althusser, 1973 **Louis Althusser** Warren Montag, 2002-12-17 The publication of Louis Althusser's autobiography The

Future Lasts Forever shattered the myth of Althusser as austere structural Marxist. It not only illuminated the private life of this public thinker but suggested that his previously published works could be read very differently. Louis Althusser is the first major overview of Althusser's work since the publication in French of thousands of pages of essays, books and letters unknown before 1990 and makes a strong case for a radical reconsideration of his work in the light of this new material. Focusing particularly on Althusser's writings on art, theatre and literature as well as those of Althusser's collaborator Pierre Macherey, Warren Montag traces the contradictory development of Althusser's thought from the early sixties to his autobiography. Additional material includes an annotated bibliography of texts by and on Althusser and the book also features a previously untranslated essay by the theorist on Brecht and Marx.

History and Imperialism Louis Althusser, 2020-02-18

Writings on History brings together a selection of texts by Louis Althusser dating from 1963 to 1986 including essays, a lecture, notes to his collaborators and the transcript of an informal 1963 discussion of literary history. The centrepiece of this collection is Althusser's previously unpublished Book on Imperialism, a theorization of globalized capitalism that remained unfinished. All these writings are concerned with the place of history in Marxist theory and in particular on what Althusser considered to be the mortal danger of historicism haunting the revolutionary reading of the present. They testify to his continuing dialogue with the historiography of his day, several of whose representatives were engaged in discussion and debate with him. Deeply interested in history but intent on avoiding the kind of interpretation that would transform it into a deterministic force, Althusser never ceased to reflect on the equilibrium between the historical and the concept in Marxist historiography, an equilibrium that he sought to reinvent for his time. The traces of that undertaking which continues to generate debate throughout the world today are brought together in this volume.

Politique et philosophie dans l'œuvre de Louis Althusser Sylvain Lazarus, 1993
