embarked on the most remarkable rescue mission in maritime history sailing in a small open boat to South Georgia Island across eight hundred miles of the world's roughest seas to bring help to the others. Though he failed to reach the South Pole, Shackleton's story lives on because of his unique qualities of leadership and the extraordinary fact that all of his men survived. This compelling narrative probes the profound influence of Shackleton's Irish and Quaker roots in the making of a great leader. It offers a vivid portrait of a man at odds with the world and with himself whose ambition was tempered by his flawed humanity and egalitarianism. Here too are the untold stories of Shackleton's upbringing in Kildare, his time in the Merchant Navy, his 1901 voyage on the Discovery with Robert Falcon Scott, his 1907 Nimrod expedition, his marriage and love affairs, his life as a public figure and politician, and the haunting story of his final fatal expedition on the Quest. Drawing on family records, diaries, and letters, and hitherto unpublished photographs and archive material, this mesmerizing book takes us beyond the myth to Shackleton, the man for whom optimism is true moral courage and whose greatest triumph was that of life over death. *Shackleton: An Irishman in Antarctica* is lavishly illustrated with more than a hundred photographs, maps, and engravings, some of them appearing in print for the first time. *Shackleton: An Irishman in Antarctica* copublished by the Lilliput Press in Dublin and the University of Wisconsin Press presents Shackleton family history with a particular focus on the explorer.

Endurance Alfred Lansing, 1999-07-08 Sir Ernest Shackleton and his crew make today's hightech adventurers look like dilettantes. Their interminable voyage across frozen land and open sea is one of the most harrowing survival stories of all time. Sebastian Junger, author of the bestselling *THE PERFECT STORM*. In 1914 Sir Ernest Shackleton and a crew of 27 men set sail for the South Atlantic on board the *Endurance*. The object of the expedition was to cross the Antarctic overland. In October 1915, still half a continent away from their intended base, the ship was trapped, then crushed in ice. For seventeen months Shackleton and his men drifted on ice packs and then on the stormiest seas on the globe were castaways in this most savage region of the world. Frank Hurley, the photographer of the expedition, documented their struggles, miraculously saving his negatives and photographs from destruction at each stage of their journey. His photographs illustrate the dramatic, terrible beauty of the lands with which they were contending. They also provide an unsurpassable insight into the extraordinary spirit of Shackleton and his crew and their extraordinary indefatigability and lasting civility towards one another in the most adverse conditions. Lansing's gripping narrative, based on firsthand accounts of crew members and interviews with survivors, vividly describes how the men lived together in camps on the ice until they reached land, how they were attacked by sea leopards, a sea lion, and a polar bear, developed frostbite, an operation to amputate the foot of one member of the crew was carried out on the ice, and finally embarked on a 850 mile voyage in a 22 foot open lifeboat to find help.

Shackleton's Boat Journey F. A. Worsley, 2007 This is the classic account of Sir Ernest Shackleton's 1914-1916 Antarctic expedition. Written by the captain of the *Endurance*, the ship used by Shackleton on this ill-fated journey, it is a remarkable tale of courage and bravery in the face of extreme odds and a vivid portrait of one of the world's greatest
