Performing Masculinity R. Emig, A. Rowland, 2010-05-21 This interdisciplinary study analyzes the ways in which signs of masculinity have been performed across a wide variety of contexts and genres including literature classical ballet sports rock music films and computer games from the early nineteenth century to the present day **David Bowie and Film** Stephen Glynn, 2022-10-31 This book constitutes the first monograph dedicated to an academic analysis of David Bowie's appearances in film Through close textual analysis together with production and reception histories Bowie's silver screen career is explored in full The book covers performance documentaries such as *Ziggy Stardust and the Spiders from Mars* star vehicles ranging from the eulogised *The Man Who Fell to Earth* to the excoriated *Just a Gigolo* plus roles from the horror chic of *The Hunger* and cult fantasy of *Labyrinth* to the valiant high brow *Baal* and vainglorious high budget *Absolute Beginners* ending with Bowie as Bowie in *Band Slam* and others as Bowie in *Velvet Goldmine* and *Stardust* Alongside showing his willingness to experiment and at times fail across a variety of genres this study investigates Bowie's performative style that while struggling to accommodate the requirements of cinematic realism fits more harmoniously with alternative production codes and aesthetics More broadly by exploring the commercial socio cultural and ideological significance of Bowie on film the book demonstrates how notions of gender sexuality and identity formation plus commodity and cultural capital function and fluctuate in contemporary society **Office Systems**, 1995 **WILDE NOW** Pierpaolo Martino, 2023-05-08 *WILDE NOW* reads Oscar Wilde through our now through a contemporary sensibility and approach in which literature and popular culture interrogate and are interrogated by critical concepts and categories such as performance celebrity intermediality and consumerism This volume exceeds the shape and meaning of a critical study to turn into a drama of five different acts moments in Wilde's life and work his early performances in Dublin London and Oxford the 1882 American tour his successful season of the first half of the 1890s his prison years and finally his glorious resurrection in contemporary pop culture Most importantly *WILDE NOW* approaches these moments through contemporary rewritings and performances of Oscar Wilde in the fields of cinema music and literature by such artists as Al Pacino Rupert Everett Stephen Fry Gyles Brandreth David Hare David Bowie Morrissey Nick Cave Neil Tennant Gavin Friday These artists through their awareness of the importance of being playing Oscar in their specific worlds and cultural contexts will also show us that Wilde can be conceived as a subversive critical role one might successfully perform and appropriate now more than ever *Montgomery Ward & Co. Catalogue and Buyers' Guide 1895* Montgomery Ward, 2008-04-17 A true record of an era this unabridged facsimile of the retail giant's 1895 catalogue showcases some 25 000 items from the necessities of life to products whose time has passed Illustrated **Dry Goods Guide**, 1915 The Foot of the Cross Frederick William Faber, 1859 **The Rough Guide to Prague** Rob Humphreys, Tim Nollen, 2002 *THE ROUGH GUIDE TO PRAGUE* is the insider's handbook to the Czech capital Features include Entertaining accounts of all the sights from the vast castle complex to the modern art museum plus

excursions outside the city Extensive listings of the best places to stay eat and drink and the last word on the city s nightlife Incisive background on Prague s culture and history ranging from new wave cinema to the story of the Velvet Revolution Full colour map section plus 20 other maps and plans **The Reference Catalogue of Current Literature** ,1957 The Vinyl Countdown Travis Elborough,2009-03-31 VINYL MAY BE FINAL NAIL IN CD S COFFIN ran the headline in a Wired magazine article in October 2007 Ever since the arrival of the long playing record in 1948 the album has acted as the soundtrack to our lives Record collections even on a CD or iPod are personal treasures revealing our loves errors in judgment and lapses in taste In The Vinyl Countdown Travis Elborough explores the way in which particular albums are deeply embedded in cultural history or so ubiquitous as to be almost invisible While music itself has experienced several different movements over the past sixty years the album has remained a constant But the way we listen to music has changed in the last ten years In the age of the iPod when we can download an infinite number of single tracks instantaneously does the concept of the album mean anything Elborough moves chronologically through relevant periods letting the story of the LP certain genres youth cults and topics like sleeve designs shops drugs and education unfurl as he goes along The Vinyl Countdown is a brilliant piece of popular history an idiosyncratic tribute to a much loved part of our shared consciousness and a celebration of the joy of records School Executives Magazine ,1929 *Ziggyology* Simon Goddard,2013-03-28 He came from Outer Space It was the greatest invention in the history of pop music the rock god who came from the stars which struck a young David Bowie like a lightning bolt from the heavens When Ziggy the glam alien messiah fell to Earth he transformed Bowie from a prodigy to a superstar who changed the face of music forever But who was Ziggy Stardust And where did he really come from In a work of supreme pop archaeology Simon Goddard unearths every influence that brought Ziggy to life from HG Wells to Holst Kabuki to Kubrick and Elvis to Iggy Ziggyology documents the epic drama of the Starman s short but eventful time on Planet Earth and why Bowie eventually had to kill him *Television's Marquee Moon* Bryan Waterman,2011-06-09 Two kids in their early twenties walk down the Bowery on a spring afternoon just as the proprietor of a club hangs an awning with the new name for his venue The place will be called CBGB OMFUG which he tells them stands for Country Bluegrass and Blues Other Music for Uplifting Gormandizers That s exactly the sort of stuff they play they lie somehow managing to get a gig out of him After the first show their band Television lands a regular string of Sundays By the end of the year a scene has developed that includes Tom Verlaine s new love interest a poet turned rock chanteuse named Patti Smith American punk rock is born Bryan Waterman peels back the layers of this origin myth and assembling a rich historical archive situates Marquee Moon in a broader cultural history of SoHo and the East Village As Waterman traces the downtown scene s influences public image and reputation via a range of print film and audio recordings we come to recognize the real historical surprises that the documentary evidence still has to yield and come to a new appreciation of this quintessential album of the New York City night The Sound State of Uzbekistan Kerstin

Klenke,2019-04-17 **The Sound State of Uzbekistan Popular Music and Politics in the Karimov Era** is a pioneering study of the intersection between popular music and state politics in Central Asia Based on 20 months of fieldwork and archival research in Tashkent this book explores a remarkable era in Uzbekistan s politics 2001 2016 when the Uzbek government promoted a rather unlikely candidate to the prominent position of state sound estrada a genre of popular music and a musical relic of socialism The political importance it attached to estrada was matched by the establishment of an elaborate bureaucratic apparatus for state oversight The Sound State of Uzbekistan shows the continuing legacy of Soviet concepts to frame the nexus between music artists and the state and explains the extraordinary potency ascribed to estrada At the same time it challenges classical readings of transition and also questions common binary models for researching culture in totalitarian or authoritarian states Proposing to approach lives in music under authoritarianism as a form of normality instead the author promotes a post Cold War paradigm in music studies

Turn on Your Mind Jim DeRogatis,2003-01-01 Book **Turn On Your Mind Four Decades of Great Psychedelic Rock** is a history and critical examination of rock s most inventive genre Whether or not psychedelic drugs played a role and as many musicians say they ve used them as not psychedelic rock has consistently charted brave new worlds that exist only in the space between the headphones The history books tell us the music s high point was the Haight Ashbury scene of 1967 but the genre didn t start in San Francisco and its evolution didn t end with the Summer of Love A line can be drawn from the hypnotic drones of the Velvet Underground to the disorienting swirl of My Bloody Valentine from the artful experiments of the Beatles Revolver to the flowing otherworldly samples of rappers P M Dawn from the dementia of the 13th Floor Elevators to the grungy lunacy of the Flaming Lips and from the sounds and sights at Ken Kesey s 60s Acid Tests to those at present day raves **Turn On Your Mind** is an attempt to connect the dots from the very first groups who turned on tuned in and dropped out to such new millennial practitioners as Wilco the Elephant 6 bands Moby the Super Furry Animals and the so called stoner rock and ork pop scenes
