Campus Crisis Management Eugene L. Zdziarski, Norbert W. Dunkel, J. Michael Rollo, 2020-12-29 Campus Crisis Management is a practical resource that helps campus administrators evaluate, revise or establish a comprehensive crisis management plan appropriate for their college or university. Filled with examples, assessment tools and checklists, this book describes the individuals who should be involved in developing a campus plan, what a plan should include, as well as a variety of crisis events and issues that should be addressed in a comprehensive crisis management plan. Including contributions from renowned practitioners at all levels, this fully revised new edition contains the must-have information on crisis management such as:

- How to develop a comprehensive crisis management system
- The different types of crises using the crisis matrix
- The structure, operation and training of a crisis team
- Strategies for working with the media

New chapters addressing behavioral intervention teams, active shooter situations, Title IX guidance, campus demonstrations, outbreaks of infectious and contagious diseases, and special event management. From a senior administrator working with an institution-wide emergency operations team to a new professional looking to develop plans and protocols to respond to critical incidents, *Campus Crisis Management* is a comprehensive guide to planning and preparing for campus emergencies of any scale.

*21st Century FEMA Study Course* Federal Emergency Management Agency (FEMA), U. S. Government, 2017-08-21 This Field Operations Guide contains voluntary guidance and is designed to assist emergency response personnel in the use of the NIMS Incident Command System (ICS) during incident operations. This guide is intended for use when implementing ICS in response to an incident regardless of type, size or location. It does not replace emergency operations plans, laws, regulations and ordinances. Rather, this document provides guidance for assigned incident personnel. This document follows the guidelines set out by NIMS for the use of plain language and clear text; therefore, the document contains few acronyms.

The National Incident Management System (NIMS) provides a consistent nationwide template to enable Federal, State, tribal and local governments, nongovernmental organizations (NGOs) and the private sector to work together to prevent, protect against, respond to, recover from and mitigate the effects of incidents regardless of cause, size, location or complexity. NIMS represents a core set of doctrines, concepts, principles, terminology and

organizational processes that enables effective efficient and collaborative incident management This consistency provides the foundation for utilization of NIMS for all incidents ranging from daily occurrences to incidents requiring a coordinated Federal response Homeland Security Presidential Directive 5 HSPD 5 Management of Domestic Incidents directed the development and administration of NIMS The NIMS documents integrate best practices into a comprehensive framework for use by emergency management and response personnel in an all hazards context nationwide HSPD 5 requires all Federal departments and agencies to adopt NIMS and to use it in their individual incident management programs and activities as well as in support of all actions taken to assist State local and tribal governments State local and tribal governments are not required to participate in NIMS or adopt these best practices As applied to non Federal entities NIMS documents contain guidance that is not legally binding However in order to participate in NIMS and to be considered NIMS compliant it is necessary for entities to adhere to the standards practices and or minimum criteria presented in the NIMS guidance documents It is also important to note that although a State local or tribal government or NGO is not required to apply for Federal preparedness assistance HSPD 5 requires Federal departments and agencies to make adoption of NIMS by State local and tribal governments and NGOs a condition for Federal preparedness assistance through grants contracts and other activities
