Managerial Accounting for Strategic Decision Making, Preliminary Edition Charles E. Davis, Elizabeth B. Davis, 2010-10-18 Business professionals that need to gain a stronger understanding of key accounting concepts will appreciate this book's approach. It focuses on the core concepts framed within the context of one company C C Sports and its supply chain. Through this example they'll learn fundamentals of how a business operates along with the type of decisions that managers must make on a daily basis. Focus On mini chapters incorporate streamlined complete coverage of certain topics. Reinforcing examples and exercises are also included to enable business professionals to assess their level of understanding before progressing to more advanced discussions. , [A Textbook of Cost and Management Accounting, 11th Edition](#) Arora M.N., A Textbook of Cost and Management Accounting provides the students with thorough grounding in cost concepts cost behaviour and methods and techniques of cost and management accounting with an understanding of the uses and limitations of cost and financial data for managerial operations. The text of the subject matter has been presented in a student friendly simple and intelligible manner. Every discussion involving conceptual complexity is immediately illustrated by a numerical example. In addition the book contains a liberal sprinkling of charts and diagrams so as to make the subject easily understandable and highlight its finer points. The subject matter has been organized on first things first basis for its logical presentation that sustains interest. The approach of the book is examination oriented. Thus a good number of problems and solutions have been included in its chapters. Theoretical and numerical questions have been mostly selected from various examinations. Objective type questions have been given to serve as self test by students. This is an ideal book for self study. An all inclusive ideal book for self study both for the students of Cost and Management Accounting as well as working professionals. **A Textbook of Accounting for Management, 3rd Edition** S.N. Maheshwari, 2012 The book provides a comprehensive coverage of the course content requirements of the students appearing in the paper Management Accounting at the MBA and MCom Examinations of different Indian Universities and those of professional institutions. The book has been divided into Five Convenient Sections. Each Section covers a different aspect of Management Accounting with the subject divided into chapters covering different topics in a systematic and concise manner. The unique features of this book lie in its simple and systematic presentation of theory which would enable the students to solve practical problems with ease. The other main strengths of this book are plentiful illustrative examples and end of the chapter exercises with answers. New in this Edition Updated position regarding IFRSs and steps for their convergence in India. Two new chapters namely Human Resource Accounting and Innovative Concepts in Section II of the book. Section V relating to Case Problems to make the study of the subject more interesting and a real value addition to the knowledge of the reader. **ASSESSMENT OF BUSINESS PROFITS** S.N.L Agarwala/prabhat Agarwal/usha Agarwal, 2003 A Comprehensive and Practical Guide on Assessment of Profits from Business.
